VICTORIA, B. C., THURSDAY, MAY 21, 1914

NO. 119

MELLEN PUTS BRAINS FIRST IN ALL WORLD

Stands for Railroad Monopoly
Controlled by Government
of Country

**SITUATION WAS CHANGED
WITH DEATH OF MORGAN**

**One Man Control of Railroads
Impossible Says Former
New Haven President**

**TRANSPORTATION WILL BE
ELECTRIC EVENTUALLY**

Washington, May 21.—Charles S. Mellen, former president of the New Haven railroad, told the interstate commerce commission to-day he favored railroad monopoly controlled and regulated by the government, and that such a monopoly would be beneficial to the public. Questioned by Mr. Folk as to his present business relations, Mr. Mellen said: "I have not a dollar's interest in the New Haven. I disposed of all my stock."

Mr. Mellen said in the Rhode Island trolley transaction he was assisted by various members of the board of directors.

"Was there influence exerted to induce you to acquire the trolley line?" asked Mr. Folk.

"I never have known," responded Mr. Mellen, "a large transportation matter that was not backed by influence. The fact is that in the acquisition of these electric lines I was working toward a great principle. Sooner or later I felt that transportation was to be by electricity."

"Do you think control of that kind fair to the public?"

"The control must be such as was contemplated in New England, or it must be in the hands of the government," answered Mr. Mellen with emphasis.

"You regard control by one man as a good thing?"

"That is a misnomer. No one man could control it. I had more bosses when I was president of the New Haven at a salary of \$60,000 than when I was a clerk at \$50 a month."

"The main force was Mr. Morgan, was it not?"

"The great force in the world is brains, and Mr. Morgan had them," replied Mr. Mellen squarely.

"The control would have gone to one man?"

"If his brains controlled the situation he had a right to that control."

"Have you, in the light of later events, changed your views?"

"Mr. Morgan's death changed the situation."

In response to a question regarding the acquisition of certain Massachusetts trolley lines Mr. Mellen said: "My interest in the Massachusetts trolleys was personal. I bought them myself and paid for them with my own money. I would have lost money if the stock had gone down. It went up and I made money. I made a total of \$22,500."

"Why did you personally favor the consolidation of trolley lines with the New Haven?"

"Because consolidation would result in better service, lower rates and greater satisfaction to the public. I believe the public is better served by a monopoly of transportation than in any other way. I think, however, the monopoly should be controlled by the government."

"What do you think railroads generally are doing about the matter?"

"I know of nothing a railroad can do now except take off its hat to some government official."

"If Mr. Morgan had not died how far would you have gone in this dream of consolidation?"

"To heaven, I suppose," he answered.

"Didn't Morgan have more power than any state government under which you operated?"

"He never tried to exercise any such power."

"He was in control of the New England situation?"

"I can best answer that by quoting the old saying: 'Where McGregor sits, there is the head of the table.'"

"What would the meetings of the directors of the New Haven have been like without Mr. Morgan?"

"About as tame as a lot of cows without a bull."

SOUTH DAKOTA PLANS TO SWAT THE ROOSTER

Vermillion, S. D., May 21.—"Swat the rooster," is the slogan of the pure food department of South Dakota, which has issued a proclamation urging citizens of that state to observe June 9 as "Roosters' Day." All persons owning roosters are urged to remove them from flocks from that date to November 1. It is estimated the loss to the state through improper methods of producing and handling eggs last year was \$1,000,000.

SHEARD ESTATE \$459,723.
Toronto, May 21.—The will of the late Henry Sheard, of this city, probated to-day, shows an estate of \$459,723, all left to his widow and children.

SALTILLO IS EVACUATED VILLA'S MEN HAVE TEPIC

**Guadalajara Next Point of Rebel Attack—
Mazatlan Fears Excesses of Indians Forming Part of General Obregon's Force and May Destroy City**

Juarez, Mexico, May 21.—A telegram was received to-day from General Angeles by H. Herex Abreu, head of the constitutional information bureau here, stating that Saltillo was evacuated last night by the federales.

On Board U.S.S. California, Mazatlan, Mexico, May 20.—Via wireless to San Diego, May 21.—Having occupied Tepic with a loss of 400 killed, an unknown number of casualties among the federales, an army of 5,000 constitutionalists has begun its march on Guadalajara. In advance of the moving troops a flying squadron of cavalry is working destruction to the Huerta lines of communication, its main object being the crippling of the railroad from Manzanillo to Guadalajara, according to reports to-day.

The capture of Tepic was accomplished after a fierce struggle. Although the losses of the federales are uncertain, it is known that 200 of them were taken prisoners.

Mazatlan is a city of many fears to-day. Back of the city the constitutionalists are ever closing in and the terror of their approach is augmented by the capture of Tepic.

PRIVY COUNCIL HEARS STREETS BRIDGE CASE

**Lord Moulton Against Rail-
way Commission in B. C.
E. R. Appeal in London**

London, May 21.—A case from Vancouver of considerable importance to Canadian cities generally was argued before the privy council to-day. The British Columbia Electric Railway company is resisting the railway commission's order directing them to pay part of the cost of bridges over the streets in Vancouver and is disputing the commission's power directing the company to make such payment.

Sir Robert Finlay argued that the city's application to the railway commission was made in order to protect citizens from personal injury. Lord Moulton demurred, expressing the opinion that the application to the commission was not based upon the view of possible danger to the public but rather on the desirability of instituting city improvements.

"You cannot surely say that whenever a railway crosses the city it is to do it on bridges," added Lord Moulton. "They go straight across the biggest towns, look at Chicago, for instance."

Their lordships reserved judgment. The privy council delivered an interesting judgment to-day in the case of Sterling, which raised the question as to whether under the Quebec law a minor can be sued without the appointment of a guardian. Their lordships, in allowing the appeal, expressed themselves in agreement with the dissenting judgment of the chief justice of the supreme court, who held that minority is an absolute bar to action.

Their lordships disagreed with Justice Brodeur that the incapacity of minors is relative and not absolute, holding that such incapacity was absolute subject only to certain express exceptions.

"When once established as in the present case that the so-called defendant is an infant he ceases ad litem to be a defendant. This is not merely a question of procedure but legal right," said their lordships.

**PARTIES CHOOSE MEN
FOR ONTARIO ELECTION**

London, Ont., May 21.—The East Middlesex Liberals will nominate a candidate for the legislature on May 23. It is understood that Reeve J. W. Laidlaw, of Westminster township, who was defeated by John McFarlan, Conservative, the present member, at the bye-election some months ago, will again be tendered the nomination.

Mr. McFarlan will again be tendered the Conservative nomination at the same time.

PRESBYTERIANS UPHOLD UNITED STATES' POLICY

Kansas City, Mo., May 21.—The Presbyterian general assembly to-day heard the report of the executive committee of foreign missions, which upheld the policy of the national administration at Washington in the Mexican situation, and made an appeal that intervention in Mexico take the form of Christian instruction rather than the force of arms.

NIAGARA MEDIATORS ARE SHAPING COURSE

Conversations Held With Mexican Representatives to Ascertain Their Viewpoint

**SEEK COMMON GROUND
TO BEGIN BUSINESS**

Telegraph Error Between Mexico City and New York Altered Meaning

**SAYING FOR DENYING
MADE MUCH DIFFERENCE**

Niagara Falls, Ont., May 21.—The South American mediators, in an informal conference to-day, with the representatives of General Huerta, sought to learn in a general way the viewpoint of the Mexican representatives on various tentative plans for a solution of the Mexican problem.

The mediators pursued the same course with the Mexican delegates to-day as they did with the American peace commissioners last night. No formal expression of views was required but the mediators suggested hypothetical steps looking to a settlement of the Mexican imbroglio and learned the trend of thought of the delegates.

No proposals of a definite character had been made to the Americans and it was understood none were contemplated to-day with the Mexicans. In fact, one of the principals to the conference expressed the opinion that it might be several days before a definite and comprehensive plan would be submitted for formal consideration to either side.

Minister Naon, of Argentina, described the informal sessions with each side as talks or conversations, indicating that what was being done was chiefly for the guidance of all parties in shaping the course of mediation.

In the talk of the mediators with the American delegates, no points were broached as having been authorized by the Mexican delegates.

To-day conference between the mediators and the Mexican delegates marked the conclusion of the first step in the attempt being made to compose differences between the United States and Mexico.

The conference between the Mexican delegates and the mediators lasted one hour. At its conclusion Emilio Rabasa, chairman of the Mexican delegates, said: "We were merely exchanging ideas and getting each others point of view. No definite basis of settlement was suggested to us to-day."

Senator Rabasa did not know how many informal sessions would be held before another full conference.

Much interest is displayed here in an explanation to-day respecting the erroneous dispatch saying he authorized peace delegates to offer resignation if necessary to arrange peace."

Correspondents of the Associated Press in Mexico City were immediately cabled to send Huerta's verbatim statement, which order disclosed that the word "denying" had been received "saying" and the reverse of the dispatch was reversed. As filed the dispatch was a denial by Huerta that he had authorized his delegates to agree to his resignation from the presidency. An investigation is proceeding to fix responsibility for the error.

REFUGEES SAY HUERTA DISLIKED IN CAPITAL

Revolt in Mexico City Only Checked by Absence of Strong Man to Lead.

Vera Cruz, Mex., May 21.—A revolt in the Mexican army in the capital at any moment is no surprise, according to refugees who arrived here to-day. Foreigners there are expecting daily the beginning of another period similar to that of February last year.

The refugees assert all that is lacking is a leader with sufficient courage to head the movement. They say treason against Huerta is uttered boldly on the streets.

The capital is overrun with adherents of Carranza, and these appear anxious to forestall any attempt of Huerta and his followers to escape. All the cabinet officers and Huerta himself are said to be kept under close watch.

The resignation of more members of the cabinet, including Querido Moreno, who was the most zealous supporter of General Huerta, is rumored as likely in the near future.

PASSENGER TRAIN DITCHED.

Erie, Pa., May 21.—A telephone message from Colesburg, Pa., east of here, said a passenger train on the Philadelphia & Erie was in a ditch near that point.

CHARGE ABANDONED.

St. Petersburg, May 21.—The charge of "ritual murder" in connection with the killing on December 1 last year of Yoshill Paskoff at Pastoff, forty miles from Kiev, was abandoned to-day by the public prosecutor.

EDITOR INJURED BY BOMB.

Lima, Peru, May 21.—A bomb exploded in the office of El Comercio, at Callao, and caused great damage. One of the editors was injured.

SUFFRAGETTES MAKE RAID UPON BUCKINGHAM PALACE

Scotland Yard Turns Out Fifteen Hundred Men to Prevent Followers of Mrs. Pankhurst Presenting Petition For Votes to King George at Royal Residence

London, May 21.—Police broke up to-day a large crowd of suffragettes raiders who were marching on Buckingham Palace for the purpose of handing a petition to King George.

When the women reached the top of Constitution Hill, the police dispersed them and arrested Mrs. Emmeline Pankhurst and several other leaders.

St. James Park and the grounds of Buckingham Palace were crowded to-day with police, the mobilization of 1,500 men having been ordered to oppose the attempt of the suffragettes, as Mrs. Emmeline Pankhurst, the leader of the militants, had announced that she would lead a great procession to the royal residence.

The police formed a ring around the palace and its grounds as the women had threatened to scale the high walls enclosing the gardens. All the detectives from police headquarters at Scotland Yard were on duty and a body of 1,000 patrolmen was held in reserve.

The skirmish between the police and the suffragettes was lively while it lasted.

Mrs. Pankhurst, surrounded by a bodyguard consisting of several hundred suffragettes, suddenly appeared from the portal of a residence opposite the park, crossed the road to the gates and attempted to march down the drive to the palace.

Mounted police then barred her progress. The women, who were armed with sticks, attempted to cut their way through the lines of patrolmen. They fought with vigor.

Several women were injured in the struggle. The raiders were finally driven back, but left Mrs. Pankhurst and a number of her lieutenants in the clutches of the police, while on the ground was a considerable collection of remnants of garments which had been torn off the women in the hand-to-hand fighting. The police also suffered some casualties during the onslaught.

King George was an interested spectator of the earlier movements for his protection, watching them from a window of Buckingham Palace.

The ambulance corps was kept busy in attending to a number of injured women and removing on stretchers several who had fainted.

There were over forty arrests, including Mrs. Pankhurst and her daughter, Miss Sylvia Pankhurst, who was found near the palace.

NEIGHBORS TAKE CARE OF HOMELESS FAMILY

South Vancouver People Awake in Middle of Night and Find Home Burning.

South Vancouver, May 21.—Rendered homeless and penniless by fire, W. H. Crosby, his wife and three little ones of 4283 Elgin street, South Vancouver, at 1:45 o'clock this morning barely escaped with their lives. Kind-hearted neighbors took the family in and provided them with clothing as the whole of their effects were lost in the fire.

Mr. Crosby was awakened shortly after 1:30 o'clock by sounds of fire crackling and had scarcely time to get his wife and three children from the house. A telephone call was sent into the South Vancouver fire brigade, but when Chief Lester and the firemen arrived the building was doomed.

The loss is estimated at about \$3,000 and is only covered by sufficient insurance to secure the mortgage.

MEDIATION IS ASKED IN COLORADO STRIKE

Judge Lindsay Sees President and Hopes to Impress the Younger Rockefeller.

Washington, May 21.—President Wilson granted an audience to-day to Judge Benjamin B. Lindsey, of Denver, and a delegation of women and children from the strike districts in Colorado. Judge Lindsey explained to the president that Colorado really has a civil war in which it is necessary that the federal government should take a firm hand and force mediation. The president listened to Judge Lindsey and his associates with much interest and informed them that he did not contemplate the immediate removal of federal troops.

After leaving the White House, Judge Lindsey said he had asked for an audience with John D. Rockefeller, Jr., one of the owners of the mines in the strike region, in New York, and hoped to be able to persuade Mr. Rockefeller to submit all differences to arbitration.

Mrs. Pearl Jolley, Mrs. Mary Petrucci, Mrs. M. H. Thomas and her two children, Rachel and Olga, aged four and six years, who were under fire at Ludlow, accompanied Judge Lindsey to the White House. The women told President Wilson of their harrowing experiences. Mrs. Petrucci had three children killed at Ludlow. Although she still is in a nervous condition, she insisted in accompanying Judge Lindsey east that she might tell the president of the conditions in the mining districts.

NAMES OF DRUNKARDS WILL BE MADE PUBLIC

Lodi, Cal., May 21.—Bulletin boards bearing the names of habitual drunkards must be kept in conspicuous places in saloons, under a new ordinance passed by the Lodi trustees. The license is to be \$1,200 a year, and each saloonkeeper will be required to deposit a bond of \$1,000 which would revert to the city if he sells liquor to an intoxicated person or otherwise violates the law.

CANNON IS CANDIDATE.

Danville, Ill., May 21.—At a dinner given at the Elks' club to-day, Joseph G. Cannon, former speaker of the house at Washington, made formal announcement of his candidacy for congress.

ABUSE OF UNIONISTS HURLED AT ASQUITH

Speaker Declares Adjournment When Law Declines Help in Keeping Order

**IRISH BILL STARTED
ON ITS LAST STAGE**

Premier Secures Majority of Hundred and Ten Against Adjournment

**ROUGH HOUSE METHODS
ARE THEN COMMENCED**

London, May 21.—The Irish Home Rule Bill entered to-day on its last stage in the House of Commons. The vote on the third reading of the measure is to be taken May 26, after which, if it passes, it will become law.

Premier Asquith declined to state the terms of the proposed amending bill and reiterated that the government was prepared to consider sympathetically any suggestions which might render its proposals in regard to Ulster more acceptable.

The sitting of the House of Commons was suspended until tomorrow in consequence of the persistent disorderliness of the opposition members, who thus succeeded in forcing an adjournment, the motion for which had just been defeated by a vote of 286 to 176.

Immediately after the vote had been taken the Unionists started the refrain "Adjourn, adjourn," the uproar being long and loud.

The speaker finally rose and asked Andrew Bonar Law, the leader of the Opposition whether he assented in the demonstration.

Amid shouts from his supporters of "Don't answer," Mr. Law refused to reply and the speaker declared the sitting suspended, saying there was nothing else he could do as Mr. Law declined to assist him in maintaining order.

Premier Asquith and his colleagues in the cabinet who remained in their seats were fiercely assailed with abusive epithets by the opposition, to which the ministerialists replied with cheers and the waving of handkerchiefs.

The scene in the House followed a series of bitter speeches by Andrew Bonar Law and other Unionists in which they denounced Premier Asquith for his refusal to acquaint the House of Commons with the terms of his amending bill to the Irish Home Rule Bill.

As the members filed out of the chamber Henry Page Croft, a Unionist, raised the shout "Three cheers for King John," the reference being to John Redmond, the Nationalist leader.

ROOT WILL DEMAND VOTE ON REPEAL WEDNESDAY

Inequality of Rates Was Not Intended When Treaty Was Drawn, Says Senator.

Washington, May 21.—Senator Root, leader in the fight to repeal the tolls exemption clause of the Panama Canal Act, spoke in the senate to-day in reply to the views voiced by senators who opposed repeal.

Before Senator Root began, Democratic Leader Kern announced he expected to demand a vote on the bill at the conclusion of speeches set for May 27.

Senator Root declared the negotiators of the Hay-Pauncefote treaty never intended there should be any inequality of rates as between nations using the canal.

Former Ambassador Choate, Henry White, John Hay and Theodore Roosevelt, who negotiated the treaty, he said, had before them the statement of America's objects in building the canal, as expressed by Secretary of State Blaine to Great Britain. Secretary Hay, he added, opened the negotiations by repeating the Blaine statement which showed the United States made the promise to issue a proclamation for equality of tolls to all nations, and declared this nation desired no commercial advantages in the use of the canal.

ARMED MAN IS HELD BANK ROBBERY CASE

Spokane, May 21.—Officials of the State Bank of Spangle were requested to-day to come to Spokane to identify, if possible, a man who was picked up by the local police as one of the three young men who robbed the bank of \$4,300 and escaped while the cashier was locked in the vault.

The suspect was armed with two revolvers and had a belt of ammunition. He told the police that he was from Pennsylvania and had been travelling about the country. Search for the bandits in the neighborhood of Spangle was abandoned last night.

THE BATHING SEASON

Are you prepared for it? Any day now, you may feel the call of the sea—a day when the thought of sun-baked beaches and sparkling sea will be too much for you—so get that cap in time. We have a splendid selection of caps from 35¢ up—also Loofah Bathing Sandals from \$1.25. These can be used equally well as bath slippers.

BUSH FIRES IN EAST RAINFALL IS WANTED

Woods in Quebec Burning, Ontario Settlers Suffering; Outbreak Threatens Camps

Montreal, May 21.—Captain Maine, of the steamer Hesperian, reports that the smoke from bush fires is hanging like a cloud practically all the way up the river from Father Point.

At St. Jovite farmers are fighting the flames to save their homes. Thousands of cords of wood have been destroyed. Quinn's boarding house at La Conception has been destroyed. At Three Rivers the woods behind the city and the Cape de la Marle are on fire in many places. The village of Nominque is surrounded by flames, which at times make inroads into the village. Rodrigue Cyr's boiler house near the station of Rigaud, on Lake Nominque, and house of two colonists were burned. The wind has been blowing about six to seven miles an hour constantly in this neighborhood.

Brace Bridge, Ont., May 21.—Bush fires are raging around Brace Bridge. Unless rain comes the damage will be heavy. Fires are raging in the townships of Monk, Watt and Macaulay, and the line of fighters extends for miles.

Duluth, Minn., May 21.—Forest fires broke out along the Tamarack river, ten miles north of Ely, Minn., threaten to sweep the Crane Lake lumber camp out of existence.

LIBERALS ON RECORD AGAINST C. N. R. AID

Hon. Wm. Pugsley Asks for Mackenzie & Mann Assets as Security

Ottawa, May 21.—The house spent most of yesterday in committee on the C.N.R. resolution, but no apparent headway was made. The first of the clauses was still under discussion when the adjournment was taken at 11 o'clock. It was agreed that consideration of the resolution would not be resumed until Monday.

The first clause of the resolution is one declaring that it is desirable that a guarantee of \$45,000,000 should be given to the C.N.R. It gave a scope for a wide range of discussion with the result that all the phases of the government proposals were under review. Hon. William Pugsley protested against the creation of one hundred millions of watered stock. The common stock should be placed in the hands of trustees, and the people given the option of taking over one concern in five years at a fair and reasonable valuation. That value should be fixed by arbitration and should not exceed five or ten times the value of the assets.

Mr. Pugsley contended that Mackenzie & Mann should put up their own assets as security. Mackenzie & Mann, he said, were really the C.N.R. company. The government claimed that Mackenzie & Mann had not made any profits out of contracts, but he thought it was quite possible that they might have made many millions out of financing. He said he had information from the highest financial sources that Mackenzie & Mann are rich beyond the dreams of avarice. Why should they not therefore be asked to put up some of their own assets.

Sir Wilfrid Laurier said that in 1911 his government took a first mortgage on the Montreal-Port Arthur section of the road. The C.N.R. was then in good standing. One year later, when the Conservatives were in power, the same thing was done in regard to a line from St. Albert to the summit of the Rocky mountains. But to-day circumstances are altered. The C.N.R. is not in good standing. It cannot go to the money markets of the world and the government is its only recourse. Therefore this application should be treated differently.

Mr. Borden said that under the Liberal administration Mackenzie & Mann had been allowed to go on with their affairs that they not only secured the common stock, but they had built up a claim for probably \$25,000,000 against the C.N.R. company. The government, after a thorough investigation, had called upon Mackenzie & Mann to hand over two-fifths of the common stock, and to absolutely release every dollar of this claim.

Sir Wilfrid replied that the government was taking precautions when the C.N.R. was in a condition of collapse. Nothing was done when the company was in apparently good condition. There was no investigation when aid was given to the western line mentioned, for which, in addition to a guarantee, the present government had handed out a cash bonus of \$12,000 per mile. Last session, on top of the guarantees given by the former government, the present government had given a cash subsidy to the Montreal-Port Arthur line amounting to \$14,000,000. In return for this \$7,000,000 of watered stock had been taken.

There was a long legal discussion between Premier Borden, Mr. Meighen and Mr. Pugsley as to whether or not the townsites of Port Mann is included in the securities obtained by the government. Mr. Pugsley expressed the opinion that according to the wording of the clause and schedule relating to it, it was exceedingly doubtful if Port Mann was included. Mr. Meighen argued that there could be no mistaking the meaning of the schedules. Port Mann was included as well as all other townsites in British Columbia.

A long argument followed between Premier Borden and Hon. Frank Oliver as to whether or not the guarantees given to branch lines in the west by provincial governments will be impaired as a result of this agreement.

At the afternoon session, Hon. G. P. Graham announced that the opposition would vote against the first clause so as to put themselves on record against the whole measure.

Mr. Macdonald took up once more the question whether this capital stock of the C.N.R. had been reduced or not, is called attention to a new phase of the matter. When Mackenzie & Mann applied for aid last year, he said, there was issued \$70,000,000 of the common stock of the C.N.R. Of this amount, however, \$25,000,000 was in the hands of a trustee for the purpose of retiring \$25,000,000 of perpetual debentures, so that Mackenzie & Mann controlled only \$45,000,000. Under the present resolution a special \$25,000,000 was set aside to retire the perpetual debentures and Mackenzie & Mann had \$60,000,000 free from any lien.

BECKER VERDICT IS EXPECTED SATURDAY

New York, May 21.—Announcement of counsel that Charles Becker would not take the stand in his own behalf to deny the testimony of "Jack" Rose, Harry Vallon and "Bridge" Weber that he ordered the killing of Herman Rosenthal, led to the prediction to-day that a verdict might be expected by Saturday.

Only two or three witnesses for the defence remained to be heard to-day and it was thought District Attorney Whitman would call more than three or four for rebuttal.

Ennui perhaps has made more gamblers than avarice, more drunkards than thirst, and perhaps as many suicides as despair.—Colton.

LICENSES ARE ISSUED FOR TRAPPING FOXES

Two Companies Formed for Fur Business in British Columbia

Vancouver, May 21.—Two fur farming companies from the east have taken out licences to trap foxes during the summer for black and silver fox breeding purposes. The companies are controlled by experienced men who have made a success of fur farming on Prince Edward Island. A third company is being formed.

The first to apply for a permit was a company in Atlin known as the Atlin Trading company. A large consignment of wire-fencing and other material for the enclosures was sent on the Princess May, and the company has already trapped valuable foxes.

The second company to take out a permit is under the control of Messrs. Hyland and Prendergast, two well-known men from Prince Edward Island, and is a subsidiary company of one of the successful Prince Edward Island companies.

The third company is to locate at Fort Fraser. It will ranch foxes for other people under the care of a competent man from Eastern Canada. In Prince Edward Island fortunes have been made, the revenue produced by taxation netting the government \$37,000 last year. The profits are made in the breeding of silver tip and black and silver varieties, and the art of producing these varieties by breeding and cross-breeding is one of the secrets of the trade. Recent experiments conducted in British Columbia showed that a higher percentage of the rare varieties can be secured in British Columbia than in the eastern provinces.

The trapping of foxes is forbidden by the game act, except in the winter months, but the government has consented under the special circumstances to issue permits to responsible parties engaging in the fur farming business in the province, to enable them to trap foxes during the summer.

The foxes caught are to be used only for breeding purposes within the province and dealing in them is prohibited.

Together with the news of the start of fur farming in the province word has come that a trapper in Port George has succeeded in rearing marten in captivity. The difficulty with which these animals has been that in captivity they quarrel and kill one another.

In view of the commencement of the industry on a practical scale, the government has intimated to the companies starting business that, next year they will be assessed a two per cent. tax on the value of their animals in captivity.

HUERTA DENIES AN INTENTION TO RESIGN

Mexico City, May 21.—Provisional President Huerta in an interview yesterday said: "The Mexican peace delegates have no instructions to offer my resignation at the conference at Niagara Falls."

The president spoke with energy, and emphasized his words with a characteristic gesture of the right hand.

Prior to this, the acting minister of foreign affairs, Esteva Ruiz, had declared that the Mexican representatives had been given "ample power" by the government to deal with everything that may be discussed at the peace conference, with the object of solving the international difficulties.

BOWDEN, UNIONIST WINS SEAT IN BYE-ELECTION

London, May 21.—The Northeast Derbyshire bye-election, rendered necessary by the death of W. E. Harvey, the Liberal-Union member, has been won by the Unionists.

Mr. Bowden, the Unionist candidate, was elected by a plurality of 314, though the combined vote polled by the Liberal and Labor candidates exceeded his total by 3,355.

The vote of Mr. Bowden was 6,459; of J. F. Houston, Liberal, 6,155; J. Martin, Labor, 3,669.

Major Bowden attributes his victory mainly to the crusade he undertook on behalf of Ulster.

THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "meat" there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal for two weeks. Then weigh and measure again. It isn't a question of how you feel or how you look, but of how you are. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to five pounds in the first fourteen days by following this simple direction. And, best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten into rich, new flesh and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. D. E. Campbell and other leading druggists in Victoria and vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

You can make your skin what you would love to have it

Your skin like the rest of your body is continually changing. Every day, in washing, you rub off dead skin. As this old skin dies, new forms.

This is your opportunity—make this new skin what you would love to have it by using the following treatment regularly.

Make this treatment a daily habit

Just before retiring, rub in gently a warm water lather of Woodbury's Facial Soap—until the skin is softened, the pores opened and the face feels fresh and clear. Rinse in cooler water, then apply cold water—the colder the better—for a full minute. Whenever possible, rub your face for a few minutes with a piece of ice. Always dry the skin thoroughly.

Use this treatment persistently for ten days and your skin will show a marked improvement. Use Woodbury's regularly thereafter, and before long your skin will take on that greater loveliness which the steady use of Woodbury's always brings.

Woodbury's Facial Soap costs 25c a cake. No one hesitates at the price after their first cake.

Do this today—now! Tear out the illustration of the cake below and put it in your purse as a reminder to get Woodbury's and try this treatment. Tear out the cake now. Take it to your druggist today. Begin tonight to get the benefits of this facial soap. For sale by Canadian druggists from coast to coast, including Newfoundland.

VICTORIA HAS FIRST NAVAL RESERVE FORCE

Esquimalt to Be Headquarters
for One of Three Divisions
Being Formed

Ottawa, May 21.—An order-in-council has been passed by the government, and signed by the Duke of Connaught, authorizing the establishment in Canada of a volunteer naval reserve force. The new force will be under the Naval Service department.

There is a volunteer naval force at Victoria, B. C., which has been financed privately. Admiral Kingsmill is on the coast, and this fact will at once give official recognition. It will be the first company in the naval reserve. There is a petition already before the department for the formation of a company for a naval reserve in Toronto.

The headquarters of the force will be at Ottawa, but it is proposed to organize three divisions: Atlantic, Great Lakes and Pacific.

The headquarters of the Atlantic division will be Halifax, and it will extend along the Atlantic coast and lower St. Lawrence as far as Montreal. The Great Lakes division will likely have its headquarters in Toronto, and will include the Upper St. Lawrence, the Great Lakes and the territory as far as the Rockies.

The Pacific division will include British Columbia and the Pacific coast, and will have its headquarters at Esquimalt.

Three Divisions Proposed

It is proposed to have three kinds of training, so as to meet the needs of all classes. The first class will include those who live at or near the seacoast. They will drill at home and secure training on board ship.

The second class will include those who live along the Great Lakes and inland waters, who will not find it as convenient to drill afloat. They will be drilled ashore under the supervision of the reserve officers and special instructors.

The third class is for fishermen who are already competent seamen. Arrangements would be made for their training on board ship.

These are tentative proposals, and may have to be largely changed as the scheme is worked out. The drill is supposed to be for 21 days.

It is proposed to have companies of 100 men each. It is expected that at least twelve companies will be formed this year, making a force in all of 1,200 before the end of the year. The importance of this move towards training Canadians for the navy, available in the time of need for the service of the Dominion or the Empire.

Newfoundland and Cape Colony have already volunteer naval reserve forces. There is also a naval reserve in Newfoundland, although it is run by the Imperial authorities.

The Niobe and Rainbow will be utilized for the Atlantic and Pacific for training purposes, and later a training ship will be probably secured for the Great Lakes. Instructors will be secured from the British navy.

MOTHER SAW HER CHILD KILLED BY LOCOMOTIVE

Following Tragedy Near Thorpe Woman Runs Shrieking into Woods.

Ellensburg, Wash., May 21.—Llewellyn Herman, for years old, daughter of Mr. and Mrs. Edward C. Hermann, was killed yesterday by the Northern Pacific Limited train No. 4 at Dudley, just west of Thorpe, while her nine-year-old brother was trying to pull her from the clutch of a cattle guard and her mother only a few yards away was running to give help.

The family, moving overland from Granite Falls to the Kittitas Valley, were camped on the highway sixty yards from the tracks. The girl and her brother were crossing the rails when her foot caught in a cattle guard. While the boy was trying to dislodge his sister the train bore down upon them from around a curve. The boy, in a last effort to save his sister, was hurled aside by the engine's pilot. The mother, apparently crazed by the sight, ran shrieking into the woods. Passengers and crew could not persuade her to board the train, so the body of her daughter was taken without her to Ellensburg for a coroner's inquest.

Terrible Scalding Accident

ZAM-BUK GAVE QUICK RELIEF.

For taking the pain out of a burn or scald there is nothing equal to Zam-Buk. Mrs. Eugene Demers, of Pembroke, Ont., who was the victim of a painful scalding accident, proved this. She says: "I was carrying a boiler of steaming water from the stove to the wash-tub, when suddenly my strength failed. As the boiler was falling in spite of my efforts, I heard my babies cry, and to avoid scalding them I gave the vessel a quick turn. The effect of this was that every drop of the boiling water poured over my feet and limbs, scalding me from my waist down."

"As soon as I saw the children had escaped, I told my oldest boy to bring the Zam-Buk (which we always keep in the house). I applied Zam-Buk freely, and the pain was soon eased. I continued using Zam-Buk, and in a wonderfully short time the sores were completely healed."

Zam-Buk is equally good for cuts, bruises, eczema, ulcers, piles, pimples, etc. Price 50c. per box, at all druggists and stores, or post free from the Zam-Buk Co., Toronto, on receipt of price. Refuse substitutes and imitations. There is nothing "just as good!"

Mr. Graham will be asked to accept the presidency under the guidance of the reorganized board. The Herald will be the exponent of Liberal principles.

KILLED IN THEATRE ACT.

Lynn, Mass., May 21.—Henry Garvin, a seventeen-year-old boy, who was shot in the head when Miss Juanita Griffith tried to knock a potato from his head with a rifle bullet in a theatre here Tuesday, died today. The woman is being held by the police.

VICTORIA DRUGGIST HAS VALUABLE AGENCY

Hall & Co. has the Victoria agency for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, the remedy which became famous by curing appendicitis. This simple remedy has powerful action and drains such surprising amounts of old matter from the body that JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. THE QUICK action of Adler-I-ka is astonishing.

The Herron-Elder company closed its spectacular campaign at 1 p.m. yesterday with a total subscription of over \$300,000.

ROOSEVELT AGAIN IN THE POLITICAL ARENA

Oyster Bay, L. I., May 21.—On the first day after his return from South America, Theodore Roosevelt got back into touch with the political situation and plans were well under way tonight for the Progressive campaign of 1916.

It is known that he expects to make one of the most arduous fights of his career. It is probable that in September he will make a trip from the Atlantic to the Pacific coast, speaking in most of the states.

OIL CRAZE AT CALGARY.

Calgary, May 21.—The city continues to seethe with excitement over the oil situation. Fully 200 brokerage offices have been opened. These offices were thronged yesterday with eager buyers. New issues were snapped up quickly, one company selling out in two hours.

The Herron-Elder company closed its spectacular campaign at 1 p.m. yesterday with a total subscription of over \$300,000.

WALKED 250 MILES TO BE PRESENT AT COURT

Portland, May 21.—Because he had been summoned as the chief witness in a larceny case against J. B. Walker and did not have money enough to pay

his transportation to Portland, George Spencer, paroled prisoner, left Gardner, Ore., on foot, six days ago, and by walking a little more than forty miles a day was able to reach the county court-house just half an hour after the case had been continued because of his absence. Spencer had walked approximately 250 miles.

HAS BEEN AUTHORIZED.

The Royal Canadian Naval Volunteers will be gratified to learn that the movement originated by them has been recognized officially by the government and that steps will be taken to extend it throughout the Dominion. To this end, provision will be made in the estimates and the Naval Department will proceed with the organization of reserves on the Atlantic and Great Lakes as well as on the Pacific.

It is eminently fitting that the movement should have started at Esquimalt, where the naval spirit and tradition still prevail. We are confident that the agitation so industriously prosecuted by the promoters and their friends will be abundantly justified by results and that the service will attain widespread popularity throughout the Dominion. We always have vigorously combatted the view of those who oppose the Canadian navy plan that the naval spirit did not exist in Canada. The fact that a large number of Canadians are serving on United States battleships destroys that theory.

The re-commissioning of the Niobe and Rainbow as training ships will follow the organization of the reserve. They never should have been dismantled, for they are perfectly adapted for the purpose for which they were acquired. The next logical step should be the adoption of a permanent naval policy in continuation of the programme begun by the late government and embodied in the legislation still on the statute book, though often threatened with repeal. If we are going to have a naval volunteer force under the authority of the Dominion we must have ships. That proposition cannot be disputed.

The authorization of the naval volunteer movement is the thin edge of a wedge driven into the unfortunate Nationalist alliance, and we trust it will be sent in right up to the head. If this is done the Prime Minister will have found a way out of his troubles as far as a naval policy is concerned and Conservatives and Liberals will be where they stood five years ago. We shall have lost much time; much will have to be recanted and forgotten, but the country will be able to make a fresh start without any more serious political complications than can be caused by the spluttering of a few firebrands in Quebec.

HALF-HOLIDAY MOVEMENT.

The retail clerks of Vancouver also are agitating for a weekly half-holiday and shorter hours—and they are making their appeals through the press in temperate language. We have not seen a single letter in the Vancouver newspapers assailing the employers and charging them with inhumanity and greed. Almost everybody agrees that store employees are entitled to amelioration of the conditions under which they are employed. The problem is to find a way in which relief can be afforded without afflicting injury upon storekeepers. If all business in Victoria, for example, were suspended for half a day each week by local enactment while stores outside the city limits remained open, is there not a possibility that there might be some diversion of trade? That doubtless is the phase of the matter which causes apprehension in the minds of business men in this city and in Vancouver. That is why we maintain that the only satisfactory solution of the problem lies in the enactment of a general law applicable at least to the whole province. Under such an enactment there would be no possibility of one section taking advantage of restriction in a contiguous section. Store employees cannot be unaware of the fact that under the business conditions prevailing at the present time their employers cannot afford to contemplate the loss even of a very small fraction of current business. The employees of Victoria and Vancouver should take their case, which is a strong one, to the provincial legislature, not to the city

councils. This course would involve some loss of time, but when the matter was settled the settlement would be permanent.

MR. ROGERS'S MESSAGE.

The Minister of Public Works has announced definitely that no appropriation will be made this session for the promised survey and report on the Seymour Narrows project. The announcement came in the form of a message to Mayor Stewart yesterday. It was couched in diplomatic phrases which in no way argue the disappointment the minister's decision has occasioned. There is not enough sugar in the world to sweeten the pill. We quote the message received by His Worship:

"Your message received. I fully appreciate your kind consideration of the difficulties existing at the present time. As you are well aware we are spending large sums of money on the coast this year, and I cannot see where any good purpose could be served by placing a trivial amount in the estimates for Seymour Narrows.

"In the matter of work of such great magnitude and of such vast importance the conditions will receive the full and careful consideration of the government during the present summer, and if justified by the information which we are able to gather, then it must be approached in a business-like manner and dealt with as its importance deserves."

It would have been better, we think, for Mr. Rogers to have repeated his previous curt message than to have couched his decision yesterday with an ancient bluff. If he "cannot see where any good purpose could be served by placing a trivial sum in the estimates for Seymour Narrows" all he needs to do is to increase the amount, double the engineering staff to be employed and have the survey made more speedily than was promised. Are the city council, board of trade and other bodies to assume that Mr. Rogers's reason for not doing anything is that they did not ask for enough? The deputation that visited Ottawa two years ago requested that the government undertake the establishment of all-rail connection between Vancouver Island and the Mainland, and it was Mr. Rogers himself who subsequently stated that nothing could be done until a survey was made and that he "was looking around for an engineer to perform this work." The promise of a survey emanated from him, and now he declares that the project is of such magnitude that an appropriation for a survey would be "too trivial" to insert in the estimates. Well, we have the federal estimates before us as we write. With the supplementaries they will run to \$225,000,000, and we can assure our readers that they include hundreds of items more trivial than a vote for the Seymour Narrows survey.

The message does not promise even that a survey will be made next year. The government will give the matter "full and careful consideration during the summer," and if justified by the information which it is able to gather "will approach it in a business-like manner." According to this we actually have lost ground, for the deputation two years ago and a half ago obtained much more satisfactory assurances. Mr. Rogers knows that the government cannot approach the project in any other way than by means of a survey and report by its engineers. The first thing parliament would call for would be their findings and estimates. If the survey cost nothing at all, it would be the primary, vital preliminary without which nothing could be done. Why, then, try to fool us by saying that a vote for a survey would be too trivial to include in the estimates? We are convinced that there are interests at work which are antagonistic to the scheme and it would be interesting to learn what they are.

MR. PRICE'S ASSURANCES.

The excuses urged by W. H. Price for the retention of some of the protested names on the voters' list show how necessary it is for the roll to be drawn through a sieve. The wide latitude allowed by the registrar permits the full play of the Conservative organizer's elastic imagination, with the result that the present sitting of the court of revision is an excellent training school in humorous fiction. One party whose name had been challenged on the ground that he had not resided in the city during the last six months was waived into eligibility by Mr. Price with the assurance that "he had been seen working on a roof in the Fairfield estate." Which particular roof did he adorn? Nobody knew. When did he perform the thrilling feat? Nobody knew that either. Somebody, however, had informed Mr. Price or his assistant that the man had been seen on a roof within the last six months.

Another man had been seen "on a wagon." When and by whom? Nobody knew. Was it a water wagon? Nothing certain, except—and this very positively—that it was within the time limit. Some had been seen at various bars. There were no particulars other than that it was within the last six

months. The curious thing about those mysterious individuals who had been seen riding on wagons, working on roofs and fraternizing at bars, is that they do not seem to live anywhere. They have no addresses. Letters sent to them are returned to the post office. Where has Mr. Price concealed them? Their relatives and friends would like to know.

Something more than Mr. Price's bare assurance that the parties protested are still in the city should be required to justify the retention of their names on the list. Numerous incidents during the proceedings have shown that his imagination not infrequently plays vagrant and wanders far afield. Yesterday he assured the registrar that some thirteen people were living at addresses specified by him. Investigation since then shows that in regard to ten of these his information was wrong. We are free to admit that mistakes are made quite easily and unwittingly in matters of this kind owing to changes of address, but we are convinced that in spite of the rejections from the list it will be encumbered with a lot of names of individuals who not only have not resided here for the last six months but who never have resided anywhere. Nevertheless they all will be at the polling booth, principally on Wharf street, bright and early on election day. They will have altered considerably since last seen riding on wagons, working on roofs, hauling ropes on mysterious tugboats or foraging at some bar. Their friends and relatives will not recognize them, but they must be the same, for will they not be able to give their names to the poll clerks when they ask for their ballot papers? Of course they will.

Huerta says he will not resign the presidency of the Mexican republic even with the might of a greater republic frowning down upon him. This man who calls himself president, although he attained his position by other means than the consent of the governed, may daily too long with fate. We have an idea he will not be treated with gentle courtesy should he fall into the hands of Carranza or Villa, flushed with victory and intoxicated with the triumph of their glorious cause. Now if Signor Huerta were a wise man in his generation of mixed blood he surely would reach the conclusion that his situation would be more tolerable if he were to leave himself in the hands of the representatives of the republics who are endeavoring to compose the differences between himself and the United States. The temper of the Mexican people is very uncertain, and something untimely will happen to the Signor if he does not watch out.

There is one game at least in which the British appear to excel, notwithstanding that representatives, practically, of all nations are addicted to it. That is the ancient game of golf. In the competitions proceeding in England all the Americans were eliminated to-day. Champion Outmet, who defeated Ray and Vardon last year in the open competitions in the United States, was among those who suffered discomfiture at the hands of British amateurs, which indicates either that in his game with the British professionals the American champion played above his form or that the Old Country amateurs class higher than the professionals. The probabilities are that Outmet's sensational victory was a fluke, and this may be said without detracting in the slightest degree from his reputation as a steady, skilful golfer.

In the Hansard report of his speech on the Canadian Northern aid proposal which has just reached this city, W. F. Nickle, the Conservative member for Kingston, who opposed the measure, is quoted as charging the railroad company with furnishing the government with misleading information in regard to the amount of aid it has received from the people of Canada. Mr. Nickle, who has been digging up data with great industry for weeks, declares that the company has received in the form of land grants, subsidies and guarantees the sum of \$280,209,765, and he accompanies his assertion with details confirmed by the statutes. Since the present government assumed office it has assisted Mackenzie & Mann to the extent of \$24,000,000, of which \$20,000,000 was in cash.

Mr. Borden seems to be disposed to justify his proposed guarantee of \$45,000,000 for the Canadian Northern by the fact that the late government also assisted the line by guarantees. But there was this difference: the late government obtained a first mortgage on the portion aided while the present security in some parts is a third mortgage and in others a fourth. Besides, if the proposal is to be justified in this way, Mr. Borden need not be so modest. He might as well offer a guarantee of \$100,000,000 because the Liberal administration also had helped the company.

Hon. G. H. Perley is going or has gone to London. He will remain there for several months, and is commissioned by the Dominion government to deal with any matters affecting Can-

These hot days, when the sun is at its highest, is the time when our

\$5.25 Washed Nut Coal

Is fully appreciated as a summer fuel. With this Coal it is not necessary to have your kitchen hot the whole day long, as this Coal will burn long enough to cook your meals. On the fire going out, it will leave your kitchen as cool as could be desired.

When a fire is again needed, just throw a shovelful of Coal in the stove, light it, and in a very short time you will have a fire hot enough to cook the toughest piece of meat that you ever bought.

TRY IT TO-DAY.

Phones 212 and 139

adian interests that may arise. In other words, Mr. Perley, who has been closer to Premier Borden than any other man, in the cabinet or out of it, will fill, temporarily at least, the position of High Commissioner. If the job suits him, he doubtless will be confirmed in it. So if Sir Richard is determined to go to London, the chances are that he will have to content himself with the position of Agent-General for British Columbia. He can appoint himself to that sinecure.

Mr. W. H. Price's disinterested labors in keeping the voters' lists pure and undefiled in the interests of pure and incorruptible government surely are entitled to some reward. The fast, commodious and reliable steamer Gunhild may be totally unsuited for the purpose for which she was sold to the Dominion government at a price double her actual value, but as Mr. Price is too patriotic a citizen to charge the party directly for his priceless services, in what way is he to be recompensed if a point be not stretched occasionally in his behalf?

We notice in the programme of the fireworks display to be given on Monday night the following item:

"A massive flag staff appears on the grounds, around which in a whirl of fire appears furled 'The Stars and Stripes.' Suddenly it unfolds, covering an area of one hundred and fifty square feet, followed immediately by an aerial salute to the flag."

While no doubt Uncle Sam's ensign aptly lends itself to pyrotechnic designs, it would be more appropriate to the occasion if those who have the contract for the display substituted the Union Jack.

Sir Richard McBride's message to Mr. Borden urging the federal government to come to the assistance of the Canadian Northern railroad stated that the "main line from Yellowhead Pass to the coast is a magnificent piece of construction." Last session we increased our guarantee for this section in order, we were told, to improve the standard—to make it more "magnificent," we presume.

A few days ago we referred to some statistics on ice-cream contained in a bulletin issued by the inland revenue department. It should be explained that the report was based upon samples collected throughout the Dominion and not on those of any particular locality. These bulletins are issued from time to time by the chief analyst of the department at Ottawa.

Mr. Price located one of the mysterious absences on the Gunhild. Well, who has a better right to find him there? Did not Mr. Price put the country under obligation to him by selling the Gunhild to it for \$12,000?

KIND REGARDS.

Manchester Guardian.
"Cotton yarns, lawn, Yr. allddech yn gywir—D. Lloyd George." It may be well to assure those who think the chancellor of the exchequer capable of anything that the words quoted, forming the close of his letter to the Welsh Americans, conceal nothing worse than the equivalent of "kind regards, yours truly."

MAJESTIC MADE PROFITS.

Detroit Journal.
When the liner Majestic was launched in the nineties all the world wondered because it was said she had cost nearly \$2,000,000. The White Star Line has now sold "the old Majestic" to be broken up. Nevertheless, she paid for herself many times over before she retired and yielded the supremacy of the sea to turbine engines. The nations launch far costlier Dreadnoughts and super-Dreadnoughts, which have a much shorter life and never bring home anything but coffins.

THE CABBY AND HIS BIBLE.

Westminster Gazette.
An Edinburgh cabman was driving an American round the sights of the northern city. In high street he stopped, and with a wave of his whip announced: "That is John Knox's house." "John Knox?" exclaimed the American. "Who was he?" "This was too much for the cabby. 'Good heavens, man!' he exclaimed. 'Did you never read your Bible?'"

BEHIND THE SCENES.

London New Age.
There are plenty of signs that the Home Rule Bill is now practically an agreed measure. Ever since Sir Edward Carson's invitation to the government and the Nationalists to "come and win Ulster," the process of conversion if it deserves the name has been going on.

DAVID SPENCER, LIMITED

Sale Extraordinary Friday and Saturday

Great Special Sale of Women's Suits at \$9.75, \$17.50, \$29.75 and \$39.75

Regular Values Ranging From \$18.50 to \$125.00

THE most noticeable event of the season. The market conditions and the cash-buying policy of this store with the cleaning-up of our entire Suit stock have combined in making this the most noticeable event of the season. The Suits are new, up-to-date models and in no case show more than one or two of a kind—with the exception of a few Tailor-made Suits selling at \$9.75. Think what this sale means—in a big variety of choice and remember, if the same Suits were being cleared out at the end of the season the prices would not be any lower. It's only through circumstances peculiar to this store, as stated above, that we are enabled to make this almost unreasonable offer in the middle of the season.

At \$39.75—In this offering there are Suits that should sell up to \$125. In fact, we have included from our regular stock suits that should sell at this figure.

These are in silks in various styles, also imported models in fine cloths.

At \$9.75, \$17.50 and \$29.75—The values also are extraordinary—giving every one an opportunity of securing the season's best productions at the lowest end-of-season prices. These Suits are on display in the View street windows. See window display to-day.

Clearing 25 Men's Two-Piece Holiday Suits Friday at \$8.75

Regularly Sold From \$12.50 to \$15.00

THIS sale will afford you a splendid opportunity to secure a new Outing Suit at a very low price. They are just the Suits men need for wear during the holiday season, and the fact that there are but 25 suits in the lot they should sell out quickly. Single-breasted sack coat with patch pockets and medium peg pants finished with belt straps and cuff bottoms is the style, and you have your choice from plain grey and light stripes.

Men's \$20.00 Three-Piece Suits Clearing Friday and Saturday at \$12.50

These are very smart Suits, well-tailored in good wearing materials in dark brown stripes, greys and green mixtures. An unusual offering coming as it does right before the holiday just when many men are thinking of buying a new Suit for summer and holiday wear. It will be to the decided benefit of your pocketbook to investigate this offering.

Men's Outing Pants—Special Friday at \$2.50

Well made up from light grey stripe homespun and finished with cuff bottoms and belt straps, peg-top. Special Friday, per pair\$2.50

—Main Floor

Special Holiday Values in Women's Waists at \$1, \$1.25 and \$3.75

You will need a good supply of waists for the holiday season, and these are some of the styles that will be most popular.

The \$1.00 Offering includes a fine assortment of Waists, in a big range of useful styles mostly featuring the drop-shoulder effect. Some have round, flat collars and fastening up the front; others in low-neck styles with Swiss embroidered fronts; others are finished with a sailor knot or silk ribbon, ¾ length sleeves, and the materials are crepe, rice cloth, plique, linenettes and muslins.

The \$1.25 Offering includes crepes, voiles and muslin Waists in a good variety of styles, featuring reglan sleeves, low neck; some finished with ruffles of shadow lace, others with Brussels net. Each Waist neatly trimmed with colored or ball pearl buttons. There are also a few colored Waists included in this lot, some in sailor style with colored collars, others all white and a few middie.

The \$3.75 Offering is an exceedingly pretty range, and there are some very choice styles. There's a big selection to choose from, and the lot includes crepes, French voile and mull. The styles are numerous and show necks finished in pretty ways, while the reglan or drop-shoulder effects are chiefly featured. Trimmings are shadow lace, Brussels net, guipure lace and some prettily embroidered. From such a range choosing will be an easy matter.

The Opening of the Season.—Sooke Harbor hotel, Saturday evening, May 23. Special rate over Sunday. Gentleman, \$1.00. Chas. H. Barbour, manager.

Make It a Pleasure.—By using a Belvedere ball-bearing lawn mower your lawn-cutting is a pleasure, because the Belvedere is so easy to run and cuts so evenly, \$8.75, \$7.25, \$5, at R. A. Brown & Co., 1302 Douglas.

Municipal Department.—Robert Baird, the inspector of municipalities, is now installed with his staff in the quarters assigned to the department in the east wing of the additions to the parliament building. Pending the formal bringing into force of the machinery of the department, however, the inspector will devote his time to laying out plans for the conduct of its work.

Course for Teachers.—One of the most interesting of the subjects to be taught in the special summer course for teachers, to be held in the high school during the month of July, will be that of rural science and school gardening. The work in this will be made practical and as much out of doors as possible. There will be field excursions every afternoon and on Saturdays. A reference library will be available for class use.

Fort George Sale of Lots.—The sale of lots in the town of Fort George, which has been going on in Vancouver for a couple of days, closes there to-day. On Tuesday, Wednesday and Thursday next there will be a continuation of the sale here, and it will conclude at Fort George on June 9 to 11. The prices realized so far range all the way from \$100 for single lots to \$12,525 for double corners. Something over a quarter of a million dollars was received from the sale in Vancouver up to last night. There were several Victoria buyers at the sale.

Honor for P. R. Pomfret.—The very special honor of a life membership in the Royal Life-Saving society has been accorded to P. R. Pomfret, honorary secretary-treasurer of the British Columbia branch. Mr. Pomfret has been interested in the work of the society for many years, and is the holder of twelve championships. During the six years he has been in Victoria he has been prominent in forwarding the work of swimming and life-saving here, and he was instrumental in getting the British Columbia branch of the society started. He has been secretary-treasurer of the British Columbia Amateur Swimming association and president of the Y. M. C. A. Swimming club, and last year he went to Manitoba and established the first branch of the society in that province. Before coming to Canada Mr. Pomfret did valuable work of the same kind in the Transvaal.

Went Fishing.—After a strenuous week of lecturing Dr. C. E. Barker, accompanied by Mr. Witham of the Y. M. C. A., took a short holiday in the country to-day, leaving the city early this morning by motor, equipped with rods, etc., for a day's fishing. Dr. Barker will speak this evening at the Salvation Army barracks on "The Art of Living, or How to Conquer."

Outing for Orphans.—The orphans in the Protestant Orphanage will be afforded a pleasant outing next Wednesday afternoon, through the kindness of owner of the Gorge electric launches, who has placed the two electric launches at the service of the orphans of the orphanage for the occasion. All that is hoped for now is fine weather so that the little tots may enjoy themselves.

Not From Waterworks.—A man who is industriously "working" Esquimalt and other residences in that district, posing as an agent of the Esquimalt Waterworks, and selling little filters to affix to the taps in houses in the neighborhood, is denounced by the Esquimalt Waterworks, the officials of which say they have no such agent abroad. People who are visited by any such man are warned against buying these filters in the belief that they are sent out by the waterworks.

Printers Elect Officers.—R. M. Sandburn was elected president of the Victoria Typographical union yesterday and N. L. Dunn, vice-president. The other officers for the ensuing year were elected as follows: Secretary-treasurer, F. Forner; executive committee, W. Ozard, W. Frobit, W. Leonard; examining board, P. Rowlands, C. L. Thompson, James King; delegates to the Allied Printing Trades Council, F. Neelands, F. Forner, F. Shakespeare.

Is Giving Bible Lectures.—"The Jewish question" is to be the subject of A. C. Gaebele's lecture this evening at the First Presbyterian church. Mr. Gaebele has delivered this lecture before audiences of over 4,000 both on this continent and in Great Britain. It is one of his finest Bible study addresses. The lectures already delivered by Mr. Gaebele in Victoria have been marked by scholarly finish. He has a special gift in making himself clear and his material is put in a very interesting form.

Arrive Saturday.—The popular "Versatiles" will arrive in the city Saturday in preparation for the opening of their summer season at Stadacona park on May 25. The members of the party were on the S. S. Franconia en route to Boston when they witnessed the rescuing of the survivors of the ill-fated Columbia who had been many hours in an open boat without food or water. Billy Oswald was in charge of the Versatiles and he organized a concert on board for the benefit of the rescued crew and collected \$350 for the survivors.

Store Street Mission.—Last evening Rev. Hermon Carson, of the Congregational church, addressed the men at the W. C. T. U. mission on Store street, on "The Unrealized Possibilities of Life." Mr. Carson's talk was optimistic, and among the things which he emphasized the importance of cultivating were sympathy, spiritual freedom and happiness, and physical health. The more highly these things were developed in man, he said, the greater the field of possibilities in life. There was a good audience, the speaker's remarks being much appreciated.

Model of the Beaver.—The model of the old Hudson's Bay company's steamer Beaver, the first vessel to be propelled by steam on the Pacific, which F. W. Kemp was commissioned to make for the provincial collection, has been received by E. O. S. Scholefield, provincial librarian and archivist. The model is to the scale of three-eighths of an inch to the foot, and is an exact reproduction in every detail of the famous old boat which was wrecked at the entrance to Vancouver harbor after she had been for fifty-three years running up and down this coast. Pioneer mariners who knew the steamer well have seen the model and pronounced it to be perfect, and Mr. Scholefield is very proud of this addition to the collection of historical objects in the provincial archives.

Save the lead covering from your next packet of "SALADA" Tea, then when you can get one of the new aluminum packets they are commencing to use, weigh the lead against the aluminum covering. You will be surprised to find the lead eight times the heavier. The weight in the two packets will, of course, be identical.

THE FRIEND OF THE FAMILY

What more intimate friend of the family is there than the reputable daily newspaper?

It is consulted by all. It is guide and counselor—more than friend.

Is it to be wondered that the advertising in a good newspaper like The Times produces great results?

The advertisers come to the general public with the introduction of a friend to help them.

They are given respectful attention and the results they secure are largely due to the reputation of the newspaper through which they have pleaded their cause.

We do not admit undesirable advertisements to the columns of this newspaper because as the friend of the family we have no right to bring into the family circle any one in whom we have not the utmost confidence.

Beware of Dazzling Sun.—Care should be taken these bright days to protect the eyes from the glare, as it often causes damage to the retina of the eyes. You will find suitable glasses from 50c up at my establishment. Frank Clugston, optician and optometrist, 654 Yates St. (corner Douglas). Upstairs.

Had No Badge.—The chauffeur of Sir Richard McBride was fined \$10 in the police court this morning for being without the badge in his cap while in possession of the car.

Had Sold Car.—Moore and Pauline were charged in the police court this morning with having speeded along Yates street on May 15. The matter, however, was left over when their representative explained that the firm had sold the motorcar before that date.

Roof Fire.—A roof fire at 2825 Quadra street this morning gave the fire reels from departments 5 and 6 a short run. The chemicals soon put out the flames which were caused by a spark from an adjoining chimney. No damage was done to the property which belongs to A. F. Matthews.

FIFTH REGIMENT SMOKER

Recruiting Has Resulted in 25 New Men Being Enlisted.

Fully 500 people attended a most enjoyable smoker given by the officers of the Fifth Regiment last evening to the men of the regiment and their friends in the drill hall. About 200 of the men turned out and the balance of those in attendance were civilians. That the week's events are having their effect in inducing young men to enlist became evident from the remarks of the chairman, Lieut.-Colonel Winsky, who stated that most satisfactory results had been obtained. Some twenty-five men have already signed up and there is every indication that by the end of next week the regiment will be at full strength for camp. Col. Winsky urged the men to continue their effective efforts in the direction of recruiting.

A delightful programme was given by members of the regiment and outsiders. The Versatile Tramps, under J. Warren, gave a pleasant half-hour with songs and patter, while selections by the band and a boxing bout were other strong features of the programme. Among those who assisted in the programme were Corporal Evans, T. Dooley, Lieut. M. Crockett, T. Hewitt, Captain Hermann Robertson, M.D.; Corporal G. H. Llewellyn, J. Melville and Lieut. A. E. Craddock.

TELLS OF BIBLE.

Rev. J. K. Unsworth, of Vancouver, Addresses Federated Bible Classes on "The Book of Books."

In the lecture room of the Metropolitan church, last evening, there was a good attendance of representatives at the rally held under the auspices of the Federated Bible classes. W. J. Walton, president of the federation, was in the chair, and the principal speaker of the evening was Rev. J. K. Unsworth, of Vancouver, who gave an address on "The Book of Books." Mr. Unsworth dealt with the history of the Bible in its earlier and later forms, and said that to-day it was the most popular book—judged by mere selling numbers—on the publishers' lists. Of Jewish origin it still succeeded in fitting into the life of every race. As further proof of its enormous circulation he quoted figures showing the great number of translations in which it was to be found to-day, there being no less than 450 languages and dialects in which the Holy Word could be found. Prior to the address Horace J. Knott placed before the meeting rules and regulations to govern the contest for regular attendance at Bible classes. These were adopted. The contest is to run for three months, i.e., until the next rally, when the banner, which is to be offered as a prize, will be presented to the class having the best record.

FEAST OF ASCENSION

Festival Dates Back to Early Christian Era; Quaint Customs Associated With It.

The Feast of the Ascension, which is being observed to-day by Christian churches all over the world, is of great antiquity, traces of it being found as far back as the middle of the fourth century. Held forty days after Easter, and ten days before Whitsunday, it celebrates Christ's ascension into heaven forty days after the resurrection. It always falls on Thursday and the day is known as Ascension day or Holy Thursday. St. Augustine mentions the festival as

President Wilson's Daughter Makes Columbia Records

Among the June list of Columbia Double Disc Records just to hand are the first recordings by Miss Margaret Woodrow Wilson, daughter of the President of the United States. These records mark the beginning of an exclusive engagement of Miss Wilson by the "Columbia." Miss Wilson's vocal accomplishments, if turned to professional account, would unquestionably give her a place of high honor in competitive artistic activities. Miss Wilson's voice is a true lyric soprano of charming quality and timbre, to which the best training that science can provide, has added a power of interpretation and expression which distinguishes her singing as that of a finished and most capable artist.

JUNE RECORDS

Columbia Records Suit Either Victor or Columbia Instruments

Below are given a few of the good records contained in the June list. Write or phone at once for a copy of free Catalogue.

The Low Back'd Car (Lover). In English, with Orchestra. Margaret Woodrow Wilson. Leslie Lindsay (Old Scotch Melody). In English, with Orchestra. Margaret Woodrow Wilson. My Laddie (Thayer). Royal Standard Date Cookies

Recipe No. 11. Cut Out and Paste in Your Recipe Book.
2 cups ROYAL STANDARD, 2 cups ROYAL STANDARD rolled oats, 1 cup brown sugar, 1 card lard, 1 cup sour milk, 1 teaspoonful salt, 1 cup butter, 1 teaspoonful baking soda, 1 package dates. Melt the shortening. Add brown sugar, rolled oats, flour and salt. Put teaspoonful soda into the sour milk and mix all together. Stone one package of dates, add a little water and then put on stove for about 15 minutes, add about 1 cup sugar. Roll dough thin and cut into rounds with a glass. Bake for about 15 minutes. Place date in centre.

BETTY BROWN.

THE proof of the pudding is in the flour

just as much as in the eating.

You can prove this to your entire satisfaction by making these popular Date Cookies with just "flour" and then with "ROYAL STANDARD."

Every day housewives are learning that old recipes can be made to taste like new ones by just substituting ROYAL STANDARD in place of ordinary flour.

We say "money back if not absolutely satisfactory" in order that you may try ROYAL STANDARD without one cent of risk.

Your grocer knows.

ROYAL STANDARD
Uniformly Flour Tested

having been kept from time immemorial, and as probably instituted by the apostles.

Some of the customs associated with the celebration are of interest. In some churches, during the middle ages, an image of Christ was raised from the altar through a hole in the roof, through which a burning straw figure representing Satan was immediately thrown down, while another

custom, now obsolete, was associated with the liturgy of the feast, and consisted of the blessing of the new beans after the Commemoration of the Dead in the canon of the mass.

In the Anglican church Ascension day and its octave continue to be observed as a great festival, for which a special preface to the consecration prayer in the communion service is provided.

"If you get it at PLIMLEY'S it's all right."

Comfort, Style and Economy

You can't be accused of extravagance if you own a Metz "22." Compared with other cars, it costs little to buy and much less to operate. It is the strictly modern practical car. 1914 improvements. Equipped complete.

METZ "22" \$700
WINNER OF THE GLIDDEN TOUR
The Gearless Car—No Clutch to Slip, No Gears to Strip

Pitted against cars that cost from five to ten times as much, it was the only car in the Glidden Tour that held a perfect score for the entire eight days of the race.

The Metz "22" gets twice as much mileage out of gasoline and tires as the average car, being by all odds the most economical car to operate. It makes 5 to 60 miles per hour on the high speed, and travels

28 to 32 miles on one gallon of gasoline and from 10,000 to 12,000 miles on a single set of tires. It carries standard equipment throughout, including 4-cylinder 22½ h.p. water-cooled motor, Bosch magnets, artillery wheels, best quality Goodrich clincher tires, etc., and climbs hills as fast as any car made, regardless of price.

Greatest of Ocean Flyers Finishes Maiden Voyage---Adrift at New York

HAMBURG-AMERICAN LINER VATERLAND

New York, May 21.—The Vaterland, of the Hamburg-American line, the biggest steamer in service, arrived in New York harbor to-day on her maiden voyage from Hamburg. Her run yesterday was 594 miles and her average speed an hour was 23.9 knots. The Vaterland broke away from tugs conveying her to her dock and began drifting down the Hudson, carried by the tide. At times she swung broadside across the river. In the grip of the strong ebb tide the

big steamer was helpless. She was carried steadily down stream toward the Battery. After she had drifted more than a mile the tugs succeeded in getting her in tow again and she was headed upstream under control. The Vaterland was launched April 3, 1913. She is 950 feet in length, 100 feet beam and has a tonnage of 23,000. She carries one commodore and four captains and a total crew of 1,234. The new giant of the seas received a noisy welcome as she passed up the

harbor to her pier in Hoboken, N. J. It looks as though the Vaterland possesses a great turn of speed and will keep the fast Cunarders, Lusitania and Mauretania, hurrying to protect their records. On her best day's run the Vaterland steamed 594 miles, which made only recently by the Lusitania, of 618 miles in 24 hours. This is only the Vaterland's maiden voyage and when her engines wear off their stiffness some fine speed results may be witnessed.

SARITA QUEEN STILL MOORED AT ALBERNI

Story That She Was to Intercept Komagata Maru is Proved Baseless

That there is not one word of truth in the report emanating from Port Alberni to the effect that the big launch, Sarita Queen, had left yesterday to intercept the Komagata Maru and her party of Hindus, was the information conveyed this morning to the Times by means of the long-distance telephone from the west coast town. The informant said that the story was a "fake" and further added that the Sarita Queen is now tied-up at Port Alberni. The Hindus are well aware that the authorities here know of their coming and of the date that they sailed from Japan. There are several fishery cruisers off the coast at present and numerous coasting steamers and other craft navigating British Columbia waters and a smuggling craft would encounter difficulties in slipping into some landlocked harbor and landing her passengers. A strange skipper would also have some trouble in working into a harbor. If the Komagata

STEAMSHIP FIRED 283 LIVES ARE LOST

Tai On Falls Victim to Chinese Pirates, and Becomes a Coffin Ship

When the C. P. R. liner Empress of Japan, which arrived here yesterday, took her departure from Hongkong on April 30, the whole town was in a high state of excitement, which had been brought about by the perpetration of one of the boldest acts of piracy known in a great many years. The British steamship Tai On was the victim of the notorious gang of pirates which has been operating in the vicinity of Hongkong for some time, and when the Japan left it was feared that 283 of the passengers had lost their lives. Although a brief cablegram was received here of the hold-up at sea, no details were received until the officers of the Empress of Japan spoke yesterday. The British officers of the Tai On fought the pirates and beat them back. When they found that they had been defeated, the money-seekers set fire to the vessel, which burned to the water's edge. The crew did its best to assist the passengers into the lifeboats, and pass-

TUMOR IN THE STOMACH

Chief Engineer of Princess Charlotte, Leaving for Scotland in Two Weeks

Completely Removed When She Took "Fruit-a-tives" "Newbury, Ont., April 4, 1913. "Some years ago I was sick in bed and thought I was going to die. I had a growth in my stomach, which the doctors said was a Tumor, and they said that the only thing to do was to go to the hospital and have the tumor cut out. I dreaded an operation although both doctors said it was the only cure. I said I would die before being operated on. "At this time, my mother in Alvinston sent me some 'Fruit-a-tives' and induced me to try them, as she had heard of another woman who had been cured of a similar growth in the stomach by taking 'Fruit-a-tives.' "To please my mother I began to take 'Fruit-a-tives' with the happy result that they cured me. I have not been to see a doctor since and my health is first-class. "I recommend 'Fruit-a-tives' every time I get a chance, and I will be glad to have you publish this letter as some other woman may now be a sufferer from the same trouble, and 'Fruit-a-tives' will cure her. "MRS. A. McDONALD." 50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

HERITAGE TO WATCH NEW BOAT'S ENGINES

Chief Engineer of Princess Charlotte, Leaving for Scotland in Two Weeks

In about two weeks John A. Heritage, chief engineer of the steamer Princess Charlotte, will be packing his trunk and preparing to leave Victoria for Dumbarton, Scotland, where he will watch the construction of the engines of the two new C.P.R. flyers which are now about ready to leave the builders' slips. Mr. Heritage is the senior engineer of the company, and his promotion comes as a result of years of faithful devotion to the big company. Mr. Heritage has watched the big engines of the Princess Charlotte turning over with their tuneful song for several years. He has advanced in the company's service step by step until he now occupies the premier position. At the yards of Denny Bros., the builders of the big Princesses, Mr. Heritage will watch the engineers as they put the big turbines together. The Princess Charlotte is propelled by reciprocating engines, but the Margaret and Irene will be equipped with the latest mechanism—geared-turbines. It is quite likely that Chief Engineer Heritage will come out from Scotland on the Princess Margaret, which will be the first of the flyers to leave the Clyde. One of the other engineers of the B. C. Coast Service will likely leave in a short time to take charge of the engine-room of the Princess Irene. No announcement as to which chief will be chosen has been made as yet. Mrs. Heritage will accompany her husband to the old country, taking two of their children also.

Badly damaged as a result of striking a submerged rock, the Hamburg-American liner Sambia, en route from Antwerp for Victoria, has arrived at Shanghai and must be discharged at the Chinese port for drydocking and repair. The Sambia is a vessel of 4,765 gross and 3,011 net tons register, 400.7 feet long, 49.5 beam and 27.5 draught. Her engines are of 3,350 net horsepower of the triple-expansion three-cylinder type. The Sambia was making her first voyage in the Hamburg-North Pacific service. The Sambia struck a rock off Shado Island while on the way from Hongkong to Tsing-tau. She put into Shanghai Monday in distress. LINDGREN ON BARGE. After long and important service for the Canadian Pacific railway's steamship service, which included the bringing out to Victoria from England three of the company's Princess liners, Capt. A. Lindgren has entered the employ of the Granby Consolidated Mining & Smelting company. Yesterday it was announced he had been given command of the barge Granby No. 1, now taking on 2,000 tons of coke at the Tacoma bunkers for the company's smelter at Anyox, B. C. The Granby No. 1 was formerly the American barque Arragon, and was sold in the east about 15 years ago to California parties, later changing ownership to the Granby company. Capt. Lindgren was until recently third officer of the Empress of Asia.

SPORTING NEWS

SMITH JOINS VICTORIA CLUB

STEELE TWIRLS REMARKABLE GAME

Bees Even Up Spokane Series; Owner Kingham After New Players; Kelly Stars in First Game

Slim Smith joined the Bees to-day and Fielder Jones has promised to send along another outfielder this week. The arrival of Catcher Hoffman on Saturday will help matters. Manager Delmas will not announce any releases until the end of the week. One of the outfielders, a catcher, and possibly two of the pitchers of the present squad, will be handed their releases or used in trades that will benefit the club.

Hurling in big league style and holding the Colts to five hits, Bobby Steele boosted the Bees another notch in the win column at the ball park yesterday afternoon, the smoke clearing with the score standing 2 to 1 in favor of the locals. Steele breezed eleven of the enemy and allowed but one base on balls. He was in perfect form and showed his best performance since joining the club.

Opposed to Bob was Lou Stanley, the new acquisition of the Colts. Stanley was hit hard with men on the sacks and in addition passed four men. It was a pitchers' battle from start to finish and the youthful Victoria portender had the best of the duel.

Geo. Kelly, Victoria's right-fielder, saved the game in the eighth with a remarkable peg from right field to Brooks on first base, cutting off Danny

Shea, when the latter had sent one on a line to right field. Runners were on second and third at the time and but for Kelly's grand heave the Indians would have chalked up another win. Kelly appears woefully weak with the stick, but he surely looked good in the field, his peg to first redeeming the former Spokane player for four clean strike-outs at the plate.

Victoria clustered three hits in the second and these, coupled with errors by Lynch and Stanley, gave Steele a two-run lead to work on. Spokane drove Joe Wagner over the plate after the latter stole third, but Kelly's feature play shut off further scoring.

Pitcher Fred Framback, spoken of as another Idaho phenom by Portland men, and Catcher Homer Haworth have been turned over to the Portland Colts. Catcher Floyd Perkins will be sent to Fred Weed's Moose Jaw club in the Western Canada league this week.

St. Joseph, Mo., May 21.—James Adams, a pitcher, has jumped to the Kansas City Federal league team, according to Jack Holland, manager of the local Western league team. Adams has been the mainstay of the local team.

Washington, D. C., May 21.—Walter Johnson, pitcher of the Washington Americans; Catcher Almsmith and Outfielder Milan flatly denied they had agreed to sign with the Pittsburgh Federal league club at the end of the present season.

AFTER LALONDE

JOE HALL.

Joe Hall has at last admitted that he was out to "get" one "Neway" Lalonde last winter, and that the famous fracas at the Toronto Arena, in which Lalonde was badly injured by crashing his head against the boards at the north end of the rink, was largely the result of the "Bad Man's" plans to get square with Lalonde for a run-in which occurred earlier in the season.

Hall was in Regina the other day, and is quoted by the Leader as follows: "I took it (a scare on his head) in good part from Lalonde without saying a word, except to vow on the quiet that I would get him before the season was over."

"This statement of mine reached the ears of President Quinn, who issued a flat to the effect that if Lalonde or myself should get in trouble again we would be banished from the league for good. Well, despite this, Lalonde got me, and I meant to get him, but I planned on giving him tit for tat in Quebec."

"Our next meeting happened to be in Montreal. In this game with the Canadiens we played for thirty minutes without anything happening. In the second half, when Lalonde tried to carry the puck from behind the nets, I handed him a body check which put him out of the game for practically the rest of the season. I got roasted right and left for this by the Montreal papers, but it was not coming my way. In this case I gave Lalonde as clean a body check as I have ever given any players in my life, and he was put out by coming in contact with the boards and not by any underhand work by me."

"I don't deny that I was after Lalonde, but I did not try to get him in Montreal, and the papers of that city were unfair to me in what they had to say of Lalonde's mishap."

WARDS AND WESTS WILL NOT CLASH

National Trophy Now Proposed for D. F. A. for Dominion-Wide Competition

There is little probability of the Wards meeting the West Intermediates for the city championship. The defeat of the Wards in the McBride cup series did not help the chances of the Wests any, and the latter absolutely refuse to play under the conditions which the Wards offered. The Wards asked the intermediate champions to play for the medals of both clubs. Manager Jack Youson says that he will draft a number of his intermediate stars, and he hopes to secure a couple of good forwards from his youngsters to rebuild his senior attack.

The subject of a national trophy which may be competed for by both professional and amateur soccer clubs will soon have to be dealt with by the D. F. A.—a competition run along the lines of the English association and the American association—unless the obstruction that prevents pro clubs competing for the Connaught cup is removed. There is a possibility that the pro league will ask the D. F. A. to do something along this line. What is a popular competition in the United States and the old land should be popular here, where the game looks for its support almost exclusively from the old country element.

COLTS BEAT TIGERS.

Portland, May 21.—Portland made it two straight yesterday by winning a 5 to 4 battle from Tacoma. The locals bunched hits in the first and sixth innings for four runs, besides crowding over a tally.

Score: R. H. E. Tacoma 4 9 3 Portland 5 9 3 Batteries—Wilson, McGinnity, Kaufman and Harris; Leonard and Hawthorth.

CANCEL ENTRY.

The Vancouver Rowing club has cancelled its engagement for the Seattle regatta, because it would rather row in its own championships in British Columbia, where there is wider renown and greater glory to be gained than it could possibly obtain from defeating the second variety crew on Lake Washington.

AMATEURS TO PLAY HERE ON HOLIDAY

Manager Poulin Will Not Pick Victoria Team Until Saturday; the Outlook

Not until Saturday night will the Victoria team which is to meet the Westminster twelve at the Royal Athletic park on Monday evening be chosen. Manager Poulin is finding it extremely difficult to select the club to represent the capital in the Coast amateur series and the plethora of material means that Victoria is after the silverware from the start.

President Hall is very confident that the locals can win their opening fixture. He realizes that the Westminster team is the one to look for in the coming matches for the Mann cup and that with Old Dad Turnbull at their head, the amateur Royals will prove a hard team to defeat. The selection of the team is being left in Manager Poulin's hands and every effort is being made to round out a championship aggregation.

The Westminster state that they will field a team against the V. A. C. on Monday at the Royal City, but the Salmonbellies will be but a shadow of the famous team that has held the Minto cup for so long. Johnny Howard, peerless defence star, will captain the Quebec team this summer, while Hugh Gifford and Len Turnbull of the home, the Royals will find it extremely hard to fill the places. Tom Rennie has decided to stay with the team, which has a couple of likely-looking youngsters in Patchell and Jack Gifford. The old team work, the secret of Westminster's long string of successes, will not be there, however, and that is what is going to cost the Royals the Minto cup.

On behalf of the V. W. A. A. junior lacrosse club, Lorne Thomas, trainer, has issued a challenge to the Nationals or the Young Canadians for an exhibition match on the morning of May 25. The Victoria West team is: Goal, H. Popham or E. McMillan; point, B. O'Neill; cover, A. Fraser; first defence, H. Parker; second defence, A. Hardy; third defence, H. Lord; centre, B. Oliver; third home, E. Popham; second home, H. Lee; first home, S. Thompson; outside home, H. Plump; inside, E. Semple.

Victoria is crippled somewhat by the loss of Bill Mitchell, who has been showing splendid form. At last night's workout Mitchell tripped and landed heavily on his shoulder, breaking his collar bone. He will probably be out of the game for the greater part of the season. The boys had a strong workout last night, and are showing wonderful form in attack and defence.

Paddy Moran will play goal for the Quebec D. L. A. team.

Quebec is trying to secure the services of Gauthier, the speedy little home-fielder of the Nationals.

The Brampton, Ont., Mann cup challengers will play the V. A. C. team on June 27 and July 1.

BASE BALL

Victoria vs. Spokane

3.30—Thursday and Friday.

SPLENDID SCORES BY KENT BATTERS

Humphreys Totals 121 Not Out; Sussex Falls to Middlesex; Fine Weather Aids

London, May 21.—Excellent cricket weather continues, enabling the three-day County cricket matches to be taken to a decisive result. The three games started on Monday, ended yesterday, two home teams and one away, proving superior, the hop-pickers being the only successful visiting county. Kent was entertained at Taunton by Somersetshire, the former winning by 192 runs. For the winners, E. Humphreys scored a brilliant 121, not out, while C. D. Hatfield and Harding, assisted in the victory with a useful 62 and 50, respectively. Fleider was the Kentish star with the ball, securing seven wickets for 65 runs. Rippon was the principal scorer for Somersetshire, making 87 not out.

Playing at Lord's, Middlesex won from Sussex by 289 runs. Four scores of more than half a century were registered by Middlesex, J. W. Hearne compiling 53 and 52, P. F. Warner 73, Tarrant 72 and F. T. Mann 60. Rolf, R. for Sussex, played a nice 67. Tarrant and J. W. Hearne were the successful Middlesex bowlers, the former taking four wickets for 20 and the latter five for 24.

At Birmingham, Warwickshire defeated Leicestershire by 278 runs. Warwick's top scorers were Kinnell, 100; Parsons, 97, Smith, 87.

Summary: Sacrifice hits—Lamb, Delmas. Two-base hits—Brooks, Carney. Stolen bases—Hogan (2), Wagner. Double play—Lamb to Nye to Brooks. Left on bases—Victoria, 11; Spokane, 5. Struck out—By Steele, 11; by Stanley, 1. Bases on balls—Off Steele, 1; off Stanley, 4. Passed ball—Carney. Time of game—1:50. Umpires—Seaton and McCorry.

POLO CLUB LACKS PRACTICE GROUNDS

According to Capt. Clarke it will be some time before the Victoria polo club players can get grounds for practicing. The decision of the city council to fix up the Willows field and resod the entire area, kept the polo players off these grounds and they will not be available for several weeks yet. The Calgary team is anxious to play here, but the Pacific polo tourney champions must have time to get into condition if they are to defend successfully the trophy that they so brilliantly won last summer.

Oh, you old jimmy pipe!

"Lead me to it" say millions of men since they've found out that Prince Albert tobacco can't bite the tongue and can't parch the throat.

"Lead me to it" you'll say just as quick as you invest in a tidy red tin and find out first-hand just why P. A. has become the largest selling pipe and cigarette tobacco in the United States.

PRINCE ALBERT

the inter-national joy smoke

brought thousands and thousands of old jimmy pipes out of the garrets. It has revolutionized pipe smoking! Today three men smoke a pipe where one smoked before.

That's because Prince Albert is made by a patented process that cuts out the "grouch" and just lets in the sunshine! Never in your life have you hit such flavor and fragrance and freshness!

Play P. A. in a jimmy pipe or roll up the corkingest makin's cigarette you ever put fire to. It's all one and the same thing—just good for what ails your smokappetite! And it rolls up so dead easy. Being mighty fresh, it just stays put and doesn't blow away or run away like the dust-brands.

And, you know, today's the day!

Prince Albert is the largest seller in the United States. It is now being imported into Canada by wholesale dealers and is sold by all of the leading retail dealers. In one-eighth-lb. red tin.

GOLF COMPETITIONS

FOR LOCAL LINKS

United States View on Amateur Question; Results of British Tourney

Entries are now being filed at Oak Bay links for the bogey competition, which will be staged over the Victoria Golf club links on Saturday. Competitors will choose their own opponents and arrange the time for starting. A putting competition will be held on Saturday and Sunday. Players may enter as often as they wish upon payment of a 25 cent fee.

Sandwich, Eng., May 21.—Charles W. Evans, Jr., of Chicago, and Harold Weber, of Toledo, Ohio, the only remaining Americans in the contest for the British amateur golf championship, were both defeated to-day. Evans lost to C. B. Macfarlane, a Scotch player, four up and two to play, and Weber was beaten by Captain Cecil K. Hutchinson, of the Royal and Ancient club, St. Andrews, six up and four to play.

Harold H. Hilton, the title-holder, was put out of the contest to-day by Edward Blackwell, of St. Andrews, Scotland, who beat him two up and one to play in the fourth round.

Neither of the Americans looked like a winner at any period of to-day's matches. Evans made a splendid effort in the last third of his round, but he had already handicapped himself too heavily. Macfarlane had virtually won at the turn, where he had taken a commanding lead of five up with a wonderful card of thirty-one for the nine holes. His playing was unaccountably perfect throughout.

Evans was laid half stymie on the ninth and was twice bunkered on the homeward journey. Except for occasional hooked drives, he played good enough golf, but few players could have lived against the machine-like precision of Macfarlane, who drove well, kept a good line and sent down ten, fifteen and twenty-yard putts without apparent effort.

On the homeward journey Evans started by winning the tenth, but he lost the next two. Then the American pulled himself together and scored hole after hole until he brought Macfarlane's lead down to three with three to go. The Chicagoan, however, lost the sixteenth and the match.

The defeat of Weber was equally conclusive. Hutchinson made the turn three up and the match ended at the fourteenth hole with the American player six down. The fall of Hilton added immensely to Edward Blackwell's reputation. They were all square at the eleventh hole and again

New shipment of the well-known English Bicycle just received. Call in and inspect them.

BAYLEY'S CHANCES GROWING BRIGHTER

RACING CARD FOR WILLOWS' TRACK

With a complete card of flat racing and harness events, the racing programme at the Willows on Saturday and Monday promises to be a feature event for the holiday. The officials of the B. C. Agricultural association are leaving no stone unturned for the betterment of the card and there will be one of the finest entry lists of horses ever seen in the capital. The running races will have special interest for the horse lovers of the capital because of the presence of a number of old favorites. The fifth regiment band will attend on both days and it is just possible that special races will be added to the already large programme.

The declarations out of the King's Plate, due by May 1, numbered only five, and in no way affect the prospects of the race. Mr. Davies has two better ones left in after striking out Duke of Chester, and the Brookdale stable also has two chances remaining though Moss Fox is withdrawn. The outlook with Beehive is sufficient for Mr. Giddings, who has declared out Alai Bass and Half Law. Mrs. W. C. Roberts' Actor is the fifth declaration.

AMATEUR BALL.

The newly-formed Vancouver Island Athletic club baseball nine fell before the Capitals last evening, the latter winning 12 to 0. White for the winners was in great form, while his team mates played well behind him. Totty for the opponents was batted freely, and his support was ragged.

Eagle Red Sox and Bissel's meet this evening at the Royal Athletic park. The game starts at 6.15 o'clock.

Four league games will be played this evening, two junior games and two intermediate contests. In the juniors, Beacon Hills oppose the City Messengers nine at the North Ward park, and the Camosuns meet the Junior Bees at the Albion grounds. The intermediates fixtures are: North Ward vs. Cardinals at Oak Bay; and the V. I. A. vs. Victoria West at Beacon Hill. All games commence at 6.30 p. m.

BAYLEY'S CHANCES GROWING BRIGHTER

Hands Are in Fine Shape; Baird Refuses Al. Davies Return Bout

Joe Bayley has written Morris Condon that his hands are in good shape for his bout with Joe Azevedo on May 27. The local lightweight's ears will also be in good trim for the contest. Bayley has been under the care of Dr. J. H. Phillips, of San Francisco, and the boxer sent north a certificate that he presented to the directors of the Oakland Wheelmens' club as to the condition of his ears. Bayley also enclosed a clipping which told of Johnny O'Leary trying to appropriate the Azevedo bout, only to be told that Bayley was the best drawing card in Frisco right now in the four-round game.

Arrangements are going ahead for the Vancouver Island A. A. smoker that will be held on May 29. Manager Davies wrote over to the Seattle Athletic club asking it to send Baird, the 115 lb. P. N. A. champion who defeated Al. Davies at the recent Vancouver tourney. Pat Scott refused to allow Baird to come for this meet, stating that the Seattle bantam was busy studying for his examinations and could not spare the time to train properly for such a bout. The V. I. A. A. is planning an all-star card and it is probable that the management will secure one of the local theatres for the show.

Johnny Coulon, undisputed world's champion bantamweight, and Kid Williams, challenger for the title, are busily engaged trying to build themselves up for their hardest siege of training that will fit them for the most important contest of their careers. Both intend to start training on May 30, which will give them about nine days' real work. They are at present comfortably located at health resorts, where they are making play out of work and allowing the rays of the sun to harden their muscular frames and regulate their wind.

The highest meteorological station in the world is that on Pike's Peak, Colorado, United States, which is situated at an altitude of 14,134 feet.

Striking New Summer Dresses

Some of the prettiest Summer Dresses that will be shown in Victoria this season are now on display here, and are attracting considerable attention. For to-day we have selected a few examples, all priced around

One model is a pretty gown with rose crushed girde, bodice of lace in white with medium sleeve and a little coat of rose ruff in bolero effect. The collar is sailor style edged with lace. The price is only \$12.50

Another model is a pink and white gown with 3-tier skirt showing wide hemstitching; waist in vest effect with wide hemstitched collar and black crushed girde. This model is also priced at \$12.50

A very smart Linen Suit is shown with black and white stripe coat, lace at collar and cuffs, black girde and white skirt. This model comes at only \$7.00

A most effective model is one with coat effect in navy merized brocade, soft girde and long sleeves, with turn-back cuff; skirt in white cord flower-figured \$12.75

Health and Beauty Hints

BY MRS. MAE MARTYN.

Vera B.: Your skin will grow soft, clear and smooth after a few applications of a plain almond jelly-cream, made at home as follows: Put 4 tablespoons of glycerine into a pint water and in this dissolve 1 ounce of almond (which you can buy at your druggist's). Apply a thick coat of this to the skin before retiring, then wash off in the morning and use more of the jelly-cream for massaging. This gradually dispels the wrinkles and lines and banishes pimples, blackheads and the "muddy" oily look. The almond jelly-cream is greasiness and will not grow hair.

Mrs. A. T.: You may not require glasses. Get from your druggist 1 ounce crystals and dissolve in 1 pint water. Then put a few drops in the offending eye several times a day until inflammation and soreness have vanished. This crystals eye-tonic is especially good for granulated eyelids and using it strengthens the eyes and gives them a youthful sparkle.

ADELINE: The reason for that dryness of hair after your shampoo is because that kind of soap irritates the scalp's tissues and makes them over-sensitive. Caution will correct this. For it is a tonic as well as a cleanser and is so stimulating to the blood-vessels and scalp-tissues that the danger is entirely eliminated. To prepare your shampoo, dissolve a teaspoonful of anhydrous in a cup of hot water, then pour it slowly on the head as you rub rinsing. The hair will dry quickly and evenly.

LUCY G.: Loss of weight is a serious matter and calls for prompt action. Get from your druggist 1 ounce of sugar, and put it, together with a cupful of sugar,

into a pint alcohol, then add hot water to make a full quart. Take a tablespoonful before each meal. This simple home remedy increases your appetite and gently cleanses the system of impurities, restores a healthy condition to the vital organs. When this is done your weight will be normal and the glow of health will be upon your cheeks.

MRS. A. R. J.: I make a good lotion that is very helpful to my skin by dissolving in a pint of water 2 tea-spoonfuls of glycerine, which will soon correct that oily, sallow, "worn-out" appearance of your complexion. This simple lotion is soothing and healing and imparts a velvety smoothness and natural loveliness to the complexion not possible with powder and rouge. You will like the lotion because it is easily applied and cannot be detected when on.

LUCILLE: I always use a plain quinine hair tonic, made at home by pouring 1 ounce quinine into 1 pint alcohol, then adding a pint water. Rub a little well into the scalp twice a week and you will soon rid the scalp of dandruff and restore the hair roots to health. The regular use of the quinine tonic will restore the former gloss and even color to the hair and make it soft, long and fluffy.

MRS. M. N. T.: Your excess weight can be easily and quickly reduced by taking this parrotis treatment, made at home, as follows: Put 4 ounces parrotis (which you can get at your druggist's) in 14 4 ounces quinine tonic will restore the former gloss and even color to the hair and make it soft, long and fluffy.

D. O. Lewis, district engineer of the Canadian Northern Pacific railway, is making an inspection of the line on the island and will be away till the end of the week.

Billie T. McMillan and Assessor Alexander Walker, of the city of Glasgow, arrived in the city this morning.

SOCIAL AND PERSONAL

All personal items sent by mail for publication must be signed with the name and address of the sender.

J. M. Studholme is staying at the James Bay hotel.

H. Newmarch is registered at the James Bay hotel.

P. Fleming, of Regina, is a guest at the James Bay hotel.

Edwin G. Smith, of Comox, is a guest at the Dominion hotel.

S. T. Wiggins, of Seattle, is staying at the Dominion hotel.

C. H. Davis, Jr., of Portland, is stopping at the Empress hotel.

H. W. Tooker is a guest at the Ritz hotel from Cowichan Bay.

Geo. McIntosh, of Vancouver, is a guest at the James Bay hotel.

A. B. Taylor, of Vancouver, is a guest at the James Bay hotel.

W. P. Nasmith registered at the Dominion hotel yesterday from Glasgow.

J. G. Billings is staying at the Strathcona hotel while here from Sidney.

N. Tooker is staying at the Ritz hotel while visiting the city from Cowichan Bay.

Mr. and Mrs. M. G. Hurd are registered at the Empress hotel from Saskatoon.

S. A. Kerr and Mrs. Kerr, of Vancouver, are registered at the Dominion hotel.

R. H. Way, of Hillbank, was among yesterday's arrivals at the Empress hotel.

Mrs. J. J. Shaw, Thetis Island, is visiting in town, a guest at the James Bay hotel.

F. Stuart Whyte is back from Vancouver and is staying at the James Bay hotel.

R. W. Thorne is a Duncan visitor in the capital. He is among those at the Ritz hotel.

G. Maude is visiting the city from Mayne Island. He is staying at the Ritz hotel.

E. J. Bragg arrived from Portland yesterday, and is stopping at the Empress hotel.

J. V. Culbert is a guest at the Strathcona hotel while in the city from London, Ont.

J. J. Whalen is here from Vancouver for a short time and is staying at the Empress hotel.

George S. Clark arrived from Toronto to last evening, and is stopping at the Empress hotel.

R. Ainslee and Mrs. Ainslee, of Comox, are among the guests at the Dominion hotel.

L. Knight is visiting the capital from Rossland. He is registered at the Strathcona hotel.

James Thomson is visiting the city from Vancouver, and is a guest at the Strathcona hotel.

A. H. Weaver, of Vancouver, arrived in the city this morning and registered at the Dominion hotel.

William Farquhar is in the city today from Glasgow, and is registered at the Empress hotel.

J. M. McLaughlin is a Seattle visitor at present in the city. He is registered at the Strathcona hotel.

A. G. Beer arrived in the city yesterday and registered at the Dominion hotel from West Toronto.

R. Hall is spending a short time in the city from Mayne Island. He is staying at the Ritz hotel.

Mr. and Mrs. A. McDonnell are visiting Victoria from Vancouver. They are guests at the Empress hotel.

A. E. Planta, mayor of Nanaimo, arrived in the city this morning and is registered at the Empress hotel.

C. C. Henry, of Port Angeles, is in the city on business. He registered at the Dominion hotel yesterday.

Mrs. Rice Howard was among those arriving this morning from Vancouver. She is a guest at the Empress hotel.

L. W. Shafford, M. P. P. for Similkameen, was among this morning's arrivals at the Empress hotel from Vancouver.

T. J. Scanlon and J. Speakman, prominent citizens of Nelson, are in the capital on business, and are registered at the Dominion hotel.

Mrs. W. Keith, of Vancouver, and Miss Tiller, of Paisley, Ont., are spending a few days in town and are registered at the Dominion hotel.

Major T. B. Kelly, of India, was among those coming to Victoria on the R. M. S. Empress of Japan. He is registered at the Empress hotel.

Mrs. Lang, Belmont avenue, announces the engagement of her daughter, Jennie, to Harold Wesley Brown, Phm. B. The marriage will take place on June 10.

D. O. Lewis, district engineer of the Canadian Northern Pacific railway, is making an inspection of the line on the island and will be away till the end of the week.

Billie T. McMillan and Assessor Alexander Walker, of the city of Glasgow, arrived in the city this morning.

from Vancouver, accompanied by W. Thomson, of Vancouver.

Angus Campbell, of "The Fashion Centre," left town Wednesday for the east, en route to Europe on his annual buying trip. He will visit London, Paris, Berlin and other fashion centres, and will be away about three months.

Frank John Train, of this city, and Jennet Offerman, of Wisconsin, were quietly married at the Congregational church on Monday afternoon in the presence of a few intimate friends. Rev. Hermon Carson performed the rite.

Mr. and Mrs. Train will make their home in Victoria.

Last evening a quiet wedding took place at Emmanuel Baptist church when Harry Samuel Worton, of this city, and Florence Margaret Marks, recently of Wantage, Berks, Eng., were united in marriage by Rev. William Stevenson. Mr. and Mrs. Worton will make their home in Victoria.

On Saturday evening the Gorge Park dancing pavilion, which is to be under the management of Mrs. George Simpson for the summer months, will be opened. Mrs. Simpson has engaged a full orchestra. On Monday, May 25, there will be dancing in the afternoon from 3 to 5.30, and in the evening the pavilion will reopen for dancing at 7 o'clock. A large number of holiday visitors are expected to attend.

The flannel dance held last evening at Connaught hall, under Mrs. Simpson's auspices, proved a popular affair, the appeal of the more comfortable dress inducing many to attend who would otherwise have adhered to their usual mode of staying away from such functions during the summer. Miss Thain's orchestra supplied an excellent programme of music, and during the evening delicious refreshments were served. Among the dancers present were Mrs. Charles Wilson, Mr. and Mrs. George Simpson, Mr. and Mrs. F. A. Pauline, Mrs. Burns, Mr. and Mrs. Elworthy, Miss Elworthy, Miss Bowron, the Misses Monteith, Mr. and Mrs. Frank Sehl, Miss Dumbleton, Mr. and Mrs. Chapman, Mr. and Mrs. McConnan, Mrs. Burns, Miss Newcome, Mrs. D. C. Frame, Miss Ella Simpson, Miss Palmer, the Misses Redding, and Messrs. Finlay, Kent, Meierstein, Walker, Matthews, Aubrey Jones, Frank Penley and Chas. Brown.

Agent—"I came to deliver your book on 'How to Play the Piano.'" Lady—"But didn't order any." Agent—"Haven't you a next-door neighbor named Brown?" Lady—"Why, yes, is it for her?" Agent—"No; she ordered it for you."

"A couple," said Mrs. Simpkins, "got married a few days ago after a courtship which had lasted fifty years." "The poor old man had become too feeble to hold out any longer."

"I'll Need My CREX Rugs at the Cottage"

—Said a Wise Woman

Half the drudgery of housekeeping is in dirty carpets. Much of this labor can now be saved.

Lay aside your woolen coverings until fall. Substitute bright, artistic CREX rugs and runners.

You will probably be so delighted at the end of the season, you will use CREX on most of your floors the year round.

CREX solves the floor cleaning problem. It is dust, dirt and water proof and is so inexpensive every household can enjoy CREX luxury.

MUNICIPAL NOTICE.

NOTICE is hereby given that the buildings in the appended list have been inspected by the Medical Health Officer and the Sanitary Inspector and have been declared by them each to be a nuisance and dangerous to the public safety and health, and the said Officers have recommended that the said buildings be pulled down.

AND FURTHER NOTICE IS HEREBY GIVEN that the Municipal Council of the Corporation of the City of Victoria, under the powers vested in it by Section 158 of the Municipal Act, will, on Thursday, 28th day of May, 1914, at the hour of ten o'clock in the forenoon, proceed to investigate the said report of the said officers and hear evidence thereon and to make such declaration and order as to them may seem proper in that respect.

AND FURTHER NOTICE IS GIVEN that any owner, agent, lessee or occupier of any of the said buildings may appear at said time and place and produce evidence and be heard concerning any of the matters in the said report contained.

WELLINGTON, J. DOWLER, C.M.C., City Clerk's Office, City Hall, 20th April, 1914.

ARE HERE STUDYING MUNICIPAL AFFAIRS

Prominent Glasgow Civic Officials Arrive in Victoria in Course of Mission

Here in the course of a mission to inquire into the various systems of municipal government, to study and discuss the question of the taxation of land and the different methods of raising taxes, Baillie Thomas McMillan, senior magistrate of the city of Glasgow, and Alexander Wattier, assessor of the same city, arrived in Victoria early this morning. They were accompanied from Vancouver by W. Thornehill, who is now a resident of the Terminal City, but who was formerly a baillie of the great Scottish city.

"We come with our minds perfectly open and free on the taxation systems in use in Canada and the United States," said Baillie McMillan to the Times this morning. "We have been right through the United States from New York to San Francisco, and now

we mean to go right across Canada, staying for a short time in every city of any note on the way across. To tell you frankly we are very anxious to find out how the single tax system works, and that is really our main object. Of course it would not do for me to offer any opinion which we may have arrived at in the matter before we get back to the Old Country, but this much I can say: I don't really see why, in older countries at any rate, improvements should be relieved.

"We have also been asked particularly to inquire into the system of using policewomen which is in vogue in Victoria and several other places throughout Canada and the United States. Many people in Glasgow are very desirous of having policewomen attached to the permanent staff of the police force. Through the United States I have found that they have generally been engaged in looking after dance halls, picture shows and employed at the depots. They are used as a prevention rather than a cure."

Politics in States.

Baillie McMillan stated that he found throughout the United States that politics played too great a part in municipal government.

"They go in too much for party of officials instead of having good, sound business men working for the good of the community."

"Another thing I could not understand was the constant changing of officials. To my idea the fact of a salaried official having to seek reelection constantly does not make for good government. The lack of harmony in municipal affairs in the States has impressed

FOR RENT—Flat, 3 rooms and bathroom, gas range, linoleum and curtain poles. \$15.00. Leroy Apts., 608 Montreal St. m22

SCOTTISH VISITORS

Members of Glasgow Corporation Are Guests of City To-day; Inspection of City Hall.

Baillie Thomas McMillan and Assessor Alexander Walker, of the Glasgow Corporation, were met at the Empress hotel this morning by Mayor Stewart and the other members of the civic reception committee, Aldermen Cuthbert, Porter and Todd.

The visitors were taken to the city hall by motor and then introduced to the city heads of departments, with whom they spent the morning. They were very much interested in the methods of conducting civic government here, and had questions by the hundred to ask.

They were especially interested in the working out of what amounts to single tax in the raising of revenue by taxes on land values only. They had a long interview with City Assessor Stewart, and his assistant, William Scowcroft, on this matter. There was a bulky statement awaiting them which had been prepared for them on the instructions of the mayor, and this they supplemented by questions.

This afternoon the visitors were taken out by motor to Shawanigan Lake, and afternoon tea was partaken of at Koenig's hotel. This evening a banquet will be given in their honor at the Empress hotel, at which all the members of the council and civic heads of departments will be present.

The programme for to-morrow includes motor drives to several points of interest and inspection of fire apparatus and other civic properties.

VICTORIA DAY PROGRAMME

Everything is Now Ready for the Celebration, Extending Over Three Days.

Everything is now ready for the Victoria Day celebration, and as there is no doubt of the weather the committees look forward to a very successful series of events in honor of the greatest holiday of the year for this city.

On Friday afternoon the school sports will be held at Oak Bay park track, and Saturday there will be several events, including amateur racing at the Willows in the afternoon.

Monday will see something happening every minute from early morning to late evening. The parade will start from the corner of Yates and Cook streets at 10 o'clock, Mayor Stewart and the council leading the way, followed by the fire brigade. The judging will take place at Beacon Hill park, and after that there will be display of first aid by the Boy Scouts and games by the children at the playgrounds.

In the afternoon the chief event will be the regatta at the Gorge, while at the Willows there will be racing. In the evening there will be band concerts at several points in the city and fireworks at Beacon Hill.

TOO LATE TO CLASSIFY

MORE SAMPLES OF TORY MISINFORMATION

Liberal Agent Gives Court
Idea of Unreliability and
Withdraws

Proof of the flimsy and unreliable character of the evidence furnished at the court of revision by the Conservative agent, W. H. Price, in opposition to the objections lodged by the Liberal agents against the retention of names on the lists was furnished this morning by W. H. Price.

After making a dignified statement of what he had found on an investigation of some of Mr. Price's items of "information," taken at random, and expressing his appreciation of the position the registrar is placed in, Mr. Baer withdrew from further connection with the revision, feeling that it was useless trying to secure clean lists when such utterly baseless and vague statements as to the presence of men in the city were to be made by the Conservative agent.

Having waited for the attendance of Mr. Price, Mr. Baer made his statement, merely asking that he be not interrupted except by the registrar. He had not got half a dozen sentences out when Mr. Price interrupted him in a very fussy manner and began to turn over his papers, and he continued to interrupt with most annoying remarks, so much so that the registrar had to stop him more than once.

"Yesterday I selected at random a number of names given by Mr. Price in his statements as still at the same addresses," said Mr. Baer. "I made an investigation into these last evening, and I want to give you the result of my inquiries now. I do not ask that these names which have been allowed to remain on the list should be struck off; I simply desire to let you see the vagaries and unreliable sort of information Mr. Price gives here."

"The first case is that of Burnett Stewart, 817 Cormorant street. Mr. Price said the man is still living at the same address. Burnett Stewart moved from 817 Cormorant street to Seattle seven months ago, was here six or seven weeks ago for four days, and then returned to Seattle, where he is permanently settled. Alexander Stark, who is told by Mr. Price, is still at the same address, 717 Cormorant street. The first number in the seven hundred block on Cormorant street is 723, McKay's blacksmith shop. I need say no more on that name."

Mr. Price, who is no stranger to grand-stand plays in Conservative politics, accused Mr. Baer of a rehearsal of his statements in the Times, and it was all part of a game. He appeared to be nettled about some remarks in this paper yesterday in regard to the sudden appearance at 740 Johnson street of a number of men who are on the list at that address but were not to be found there a few weeks ago. Him that Mr. Baer had a right to make a statement, and added that if it could be shown that the court was misled into retaining names he was going to take them off, although they had been allowed to remain. In the Burnett Stewart case Mr. Price's statement might have been without interest, but the man had been here recently, but if he had ceased to reside in Victoria he would have to come off. Mr. Baer had positive information that he had ceased to reside. A few minutes later the registrar had to remind the Conservative agent that Mr. Baer was entitled to make his statements without interruption.

Subsequently Mr. Price handed in what purported to be a statement signed by the voter, to the effect that he is still a resident here. In face of this his name had to be left on. Just before adjournment Mr. Price, who left soon after Mr. Baer, came in with a statement without interest that the man had been here recently, but if he had ceased to reside in Victoria he would have to come off. Mr. Baer had positive information that he had ceased to reside. A few minutes later the registrar had to remind the Conservative agent that Mr. Baer was entitled to make his statements without interruption.

There were 292 new names put on. The Equivalents lists were taken up in the afternoon and this closed the work of the revision. There were 35 applications for registration and no objections.

It was stated in the morning paper to-day that an apology was made to Thomas Green yesterday. There was nothing of the kind. Mr. Green's name was on the list twice, and in order to make sure that no injury was done in correcting an admitted duplication the man was brought to court by Mr. Price. It then appeared that the two entries, under different descriptions and at different addresses, were him. There was no occasion for an apology and none was made, nor did Mr. Green think there should be one.

Mr. Price denied that he had quoted J. B. McCullum in this connection, but there was a very distinct recollection on the part of the Liberal agents and others present that he had done so.

Albert Edward Grigg, 840 Johnson street, has been in the asylum at New Westminster for eight months, in spite of Mr. Price's declaration that he is still at the same address. Mr. Baer said, James Blisland, 817 Cormorant street, was another man declared to be at his old address still by Mr. Price. He had not been there for many months, said Mr. Baer.

Mr. Price interrupted to say that he had not claimed Blisland as at the same address, but at the Brunelwick hotel. Before the court adjourned at noon Mr. Price came in with a statement from "M. McNeill," Princess boarding house, Douglas street, that Blisland had lived there until two months ago.

We were told yesterday by Mr. Price, "I am told by Mr. Baer, 'that Thomas Gray is reputed to be at 944 Humboldt street. There is no such number on that street. The nearest number to that is 952, which is Mr. Ritheta's house. At 926 is a rooming-house, and there Gray was never known, and he is not there now. We were told that Jack Smith is still at the White Horse hotel. He has never

been seen at the White Horse, and last night, in the barroom of the hotel, Neil Hansen asked a group of men if they knew Jack Smith. Not one of them knew the man as living there or thereabout."

E. H. King explained that eight out of the nine men objected to there had gone to live in the cabins while the hotel was rebuilding and were returning to the hotel when it was finished.

Mr. Baer: "But he was never known as living there at any time. William George Lickiss was said by Mr. Price to be still at 840 Johnson street. Lickiss lived at 840 Johnson street until last July, when he ran away owing three months rent. He went to Seattle and has never come back. If he has Mr. Orton is willing to offer a reward to anyone that will get him."

Mr. Price admitted that Lickiss is not now at that address. John Richard Smith, 840 Johnson street, was not known there for a very considerable time.

Mr. Price disclaimed any responsibility for having said he was still at the same address, and "put it over" on Mr. King, whom he thought had told the court that the man was a gardener and still working somewhere in the city.

Mr. King supplemented this with the information that John Richard Smith is now living at 617 Manchester road. It turned out, however, that the Smith who lives at that address is Arthur Smith.

Mr. Baer went on to state that John Perlet Jones was said by Mr. Price on Tuesday to be living at the corner of Seaview avenue and Blanshard street, and yesterday to be at 2336 Blanshard street, with his mother. There was no corner of Seaview avenue and Blanshard street and no 2336 Blanshard street. Jones did not live with his mother at either address, but on the rare occasions when he did come into town he stayed with a friend in a shack on the waterfront back of the Robertson ironworks. Mr. Price had also stated that F. Mortimer Kelly was still at 402 Skinner street. That man was never known at the Skinner street address.

"I wish to make this very clear," said Mr. Baer in conclusion. "I have the utmost respect for you, Mr. Registrar, and recognize that you cannot do otherwise than retain names on the list when Mr. Price comes here and assures you that he has reputable information that the men are still in the city. But I want you to realize that some of the information he has just given you is of the nature of what I have given you a sample of. You have nothing to do but accept the information so given you, but after what I have discovered of the unreliability of Mr. Price's information I cannot stay here and appear to be a consenting party to the retention of names under such circumstances."

Mr. Baer then withdrew, and the work of considering the objections in Ward Five went on. A very large number of these stuck and the names were taken off.

Before Mr. Price withdrew he gave to H. L. Roberts, secretary of the Victoria Liberal association, the address of J. P. Jones as 2527 Blanshard street. Mr. Roberts: "You gave it to Mr. Baer yesterday at 2336, because I saw him write it down. If you gave him the wrong number you cannot blame him."

Mr. Roberts gave an instance which came to his attention, of a man named Freeman, whom Mr. King stated the day before to be away on survey. As a matter of fact, the man is engaged in the land registry office and has been in the city for many months.

Mr. Price claimed that three-fourths of the men objected to were Liberal voters.

"I don't care what the men are," retorted Mr. Roberts. "All I want is a clean list. If a man has no right to be on it, it makes no matter whether he is a Liberal or a Conservative, he must come off."

There were 292 new names put on. The Equivalents lists were taken up in the afternoon and this closed the work of the revision. There were 35 applications for registration and no objections.

It was stated in the morning paper to-day that an apology was made to Thomas Green yesterday. There was nothing of the kind. Mr. Green's name was on the list twice, and in order to make sure that no injury was done in correcting an admitted duplication the man was brought to court by Mr. Price. It then appeared that the two entries, under different descriptions and at different addresses, were him. There was no occasion for an apology and none was made, nor did Mr. Green think there should be one.

Mr. Price denied that he had quoted J. B. McCullum in this connection, but there was a very distinct recollection on the part of the Liberal agents and others present that he had done so.

Albert Edward Grigg, 840 Johnson street, has been in the asylum at New Westminster for eight months, in spite of Mr. Price's declaration that he is still at the same address. Mr. Baer said, James Blisland, 817 Cormorant street, was another man declared to be at his old address still by Mr. Price. He had not been there for many months, said Mr. Baer.

Mr. Price interrupted to say that he had not claimed Blisland as at the same address, but at the Brunelwick hotel. Before the court adjourned at noon Mr. Price came in with a statement from "M. McNeill," Princess boarding house, Douglas street, that Blisland had lived there until two months ago.

We were told yesterday by Mr. Price, "I am told by Mr. Baer, 'that Thomas Gray is reputed to be at 944 Humboldt street. There is no such number on that street. MEETINGS
Mt. Baker W. C. T. U.—The regular monthly meeting of the Mount Baker W. C. T. U. will be held at the home of Mrs. Nicholas, Byron street, Tuesday, May 26.

To Attend Church—The Sons of England Benefit society is to hold its annual church parade on Sunday, May 24, the members assembling at their respective lodges at 10.15 a. m. Visiting brethren are invited to join the parade and it is expected that the full attendance of the members in Victoria will bring the parade to a large total.

Sons of Scotland—Alisa Craig camp of the Sons of Scotland Benevolent association will hold a regular meeting in Real Estate exchange, Langley street, on Friday evening, May 22, at 8 sharp. A very cordial invitation is extended to all Scotsmen and their sons who are of sound health and of good moral character to unite with the association and take advantage of the reduced fee to charter members. The charter list of Alisa Craig camp now numbers over 70. This is a Canadian institution, incorporated by act of parliament in 1880, with head office in Toronto. Col. D. M. Robertson, of the 48th Highlanders, is the grand secretary. The Sons of Scotland association combines all the qualities of the other Scottish societies, with the addition of life insurance and sick benefits. It stands at the head of all fraternal societies in Canada financially (as per government report). The association paid to relations of deceased brethren in 1913 the sum of \$77,728, and added \$39,000 to the reserve fund, which is now \$492,277. Organiser Burns is located at the King Edward hotel, room 20, and will be glad to talk with any wishing further information.

Of the forty-three airmen in the world who have looped the loop, France has twenty-six, England five, America one, and Russia and Italy two each. The other airmen all belong to small states, including one each to Peru and Paraguay. Every one of the loopers performed his exploit on a French machine.

Reception—J. W. Ambury, Hon. D. M. Eberts, A. T. Goward, G. A. Kirk, J. E. Wilson.

PRE-EMPTORS COMING

Where Lands Are Thrown Open to Settlement Settlers Can Be Found for Them.

That settlers could be obtained for this province without difficulty if the land was available is shown by the manner in which small lots of pre-emption lands thrown open lately have been taken up. In these cases there were satisfied people, because the land was there, but the number was but a trifle compared with the numbers of would-be settlers who come into the province, only to find that all the best and most available lands are blanketed by speculators, and who trek out again to spread the news that this is no place for the home-seeker.

Forty-eight pre-emptors were taken up Monday last on logged-off land in the Salmon river tract of the Sayward district, most of the new settlers being British citizens and the majority of them men with families. Michael Manson, M. P. P. for Comox, in whose constituency the lands are, was in the city yesterday, and ex-

pressed himself as greatly pleased with the new-comers.
At McBride, east of Port George, forty thousand acres will be thrown open on June 1, and forty thousand acres more at Prince George on June 15. On June 15 there will be one hundred and twenty forty-acre lots offered.

SCHOOL SPORTS AT OAK BAY GROUNDS

Lengthy Card of Events for Victoria's Young Athletes To-morrow

The annual field day of the school children will be held at the Oak Bay grounds to-morrow, the events starting at 1.30. All preparations have been completed for the annual event, and, judging from the list of events, the scholars will be kept occupied every minute of the afternoon.
Only teachers, officials and those actually taking part in the races will be allowed on the course. The police have instructions to remove all others from the enclosure.
The officials for the event are: Judges, Geo. Jay, A. Andrews, Dr. G. A. B. Hall, W. Small, Inspector E. B. Paul, Miss Summer and Miss Jarvis; starter, H. Skuce; timekeepers, A. J. Dallain and W. J. Shortt; announcer, W. Lorimer.

List of events:
1. 100-yard sprint—Open.
2. 100-yard sprint—Boys under 15 years.
3. 100-yard sprint—Boys under 15 years.
4. 100-yard sprint—Boys under 14 years.
5. 100-yard sprint—Boys under 12 years.
6. 100-yard sprint—Boys under 12 years.
7. 100-yard sprint—Boys under 11 years.
8. 100-yard sprint—Boys under 10 years.
9. 75-yard sprint—Boys under 9 years.
10. 75-yard sprint—Boys under 8 years.
11. 60-yard sprint—Boys under 7 years.
12. 200 yards—Open.
13. 220 yards—15 years.
14. 220 yards—15 years.
15. 150 yards—Under 14 years.
16. 80 yards—Open.
17. 440 yards—Under 16 years.
18. High jump—Under 16 years.
19. High jump—Under 15 years.
20. High jump—Under 14 years.

23. Relay race, team of 4—Boys under 14 years.
24. Tag of war. Final—Boys' Central vs. George Jay.
25. Girls' Events.
100 yards—Under 16 years.
75 yards—Under 14 years.
Sack race—Under 16 years.
Potato race—Under 16 years.
Broad jump—Events already decided.

Grass Rugs and Furniture, Sun Blinds, Hammocks and Camp Furniture

Samples of these lines are now to be seen in our Government St. windows and the display supplies many interesting details that cannot be readily expressed in a wordy description of these desirable summer furnishings.

"Dixie" Grass Rugs are second to none in quality, design and assortment of colorings. Having reaped an unusually heavy crop of grass during the 1913 season, the manufacturers have made these rugs extra heavy, therefore better value than usual is offered. Each rug is well bound on all four sides. Sizes up to 9x12 ft. at \$12.50, from 30x60 ins. at \$1.50.

The Display of Grass Furniture speaks for itself, but as only a few of the pieces can be shown in the window, we invite you to visit our fourth floor and see more of them. Every piece is closely woven and has a very strong frame. Prices low and terms easily arranged. Sun Blinds, Mattings, Hammocks and other Summer accessories well represented in our stock.

If a hammock was much more expensive, many people who now forego the luxury would long to possess one.

Swung under a shady tree, or under your veranda, protected from the sun by a sun blind, you can enjoy a luxurious rest in the fresh air.

Notice the samples now being displayed in our Government street windows, and remember that the luxury a hammock affords may be had at prices ranging up to \$6.50 from only \$2.75. Couch Hammocks are to be had at \$21.50, or, without frames at only \$17.00. Metal Frames to Support Couch Hammocks come at each \$8.75. Awning made of the best "Sundour" fadeless awning cloth. Price \$18.00.

See Our Window Display.

You'll Save Money By Making Your Own Ice Cream

And a "Lightning" Freezer requires less ice, salt and energy to make light, flaky ice cream than any other freezer we know of. The wheel gasher and twin scrapers, featured found only in the "Lightning" are responsible for its efficiency. Why not try one. Prices, according to size, up to \$11 from only \$1.75.

SPECIAL FOR SATURDAY EVENING

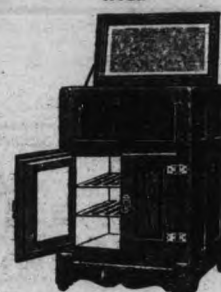

Commencing at 6 p.m. and closing at 9 p.m. on Saturday next, we are offering

7-Piece, Glass Berry Sets at 75c

Samples are now to be seen in our Government street windows. Made of a clear crystal and come in patterns that closely resemble cut glass.

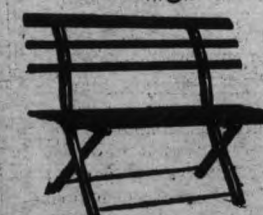

Just What You'll Be Wanting Very Soon

An Easy Way to Acquire a Good Refrigerator

Is to accept the easy terms offered by the "Home-Maker" store. Come in and choose the size and style that suits you best and arrange terms that will be convenient for you. Nothing like having a refrigerator in your home before the summer heat commences. Prices start at \$12.50 from only \$12.50.

Camp and Lawn Furnishings

Folding Lawn Seats, as illustrated above, are built entirely from selected, straight grained hardwood, and may be had with red or green backs and natural color seat and frame. Length 3 ft. 6 ins. and weight only 16 lbs. Price, only \$3.25.
A Remarkably Easy Chair, that can be folded and carried as easily as an umbrella, will bear a strain of 300 lbs. Weights only 6 lbs., and is a rare value at only \$2.00. Many other lines to be seen on our fourth floor.

Easy Terms Easily Arranged at the "Home-Maker" Store

No matter how small your purchase may be, we are ever ready to assist you to pay for it in the most convenient manner for yourself. That is only part of the "Home-Maker's" Service Policy. We believe that a satisfied customer is our best advertisement.

Strong values, prompt delivery, free advice on furnishing problems and an immense variety to select from.

Urgently Needed and the Prices Are Small

The prices quoted for Screen Doors include a pair of spring hinges, handle and hook. You get a discount of 10 per cent for cash, and have the advantage of choosing from many styles.

Size 2 ft. 6 in. x 6 ft. 6 in., at each \$1.35
Size 2 ft. 8 in. x 6 ft. 8 in., at each \$1.40
Size 2 ft. 10 in. x 6 ft. 10 in., at each \$1.40
Size 2 ft. 10 in. x 6 ft. 10 in., at each \$2.75
Size 3 ft. x 7 ft., at each \$3.00
Window Screens in all sizes. Prices up to 65c from only 30c
